

Dekupiersäge

Diese Dekupiersäge Anleitung hat nicht den Anspruch vollständig oder exakt zu sein, sondern zeigt lediglich mögliche Schritte (mit Maßen) auf, wie man sich eine solche Säge selber bauen kann. Abhängig von Deinem Können wird die Säge mehr oder weniger genau arbeiten. Ich empfehle die Maße hier nur als Richtwerte zu verwenden und nicht alle Teile auf einmal zu Sägen. Ein stückweises Vorgehen nacheinander ist da sicher besser geeignet, auch wenn es etwas länger dauert....

Viel Spaß beim Nachbau und natürlich ist es von Vorteil, das dazugehörige YouTube-Video anzuschauen!

Los geht's....

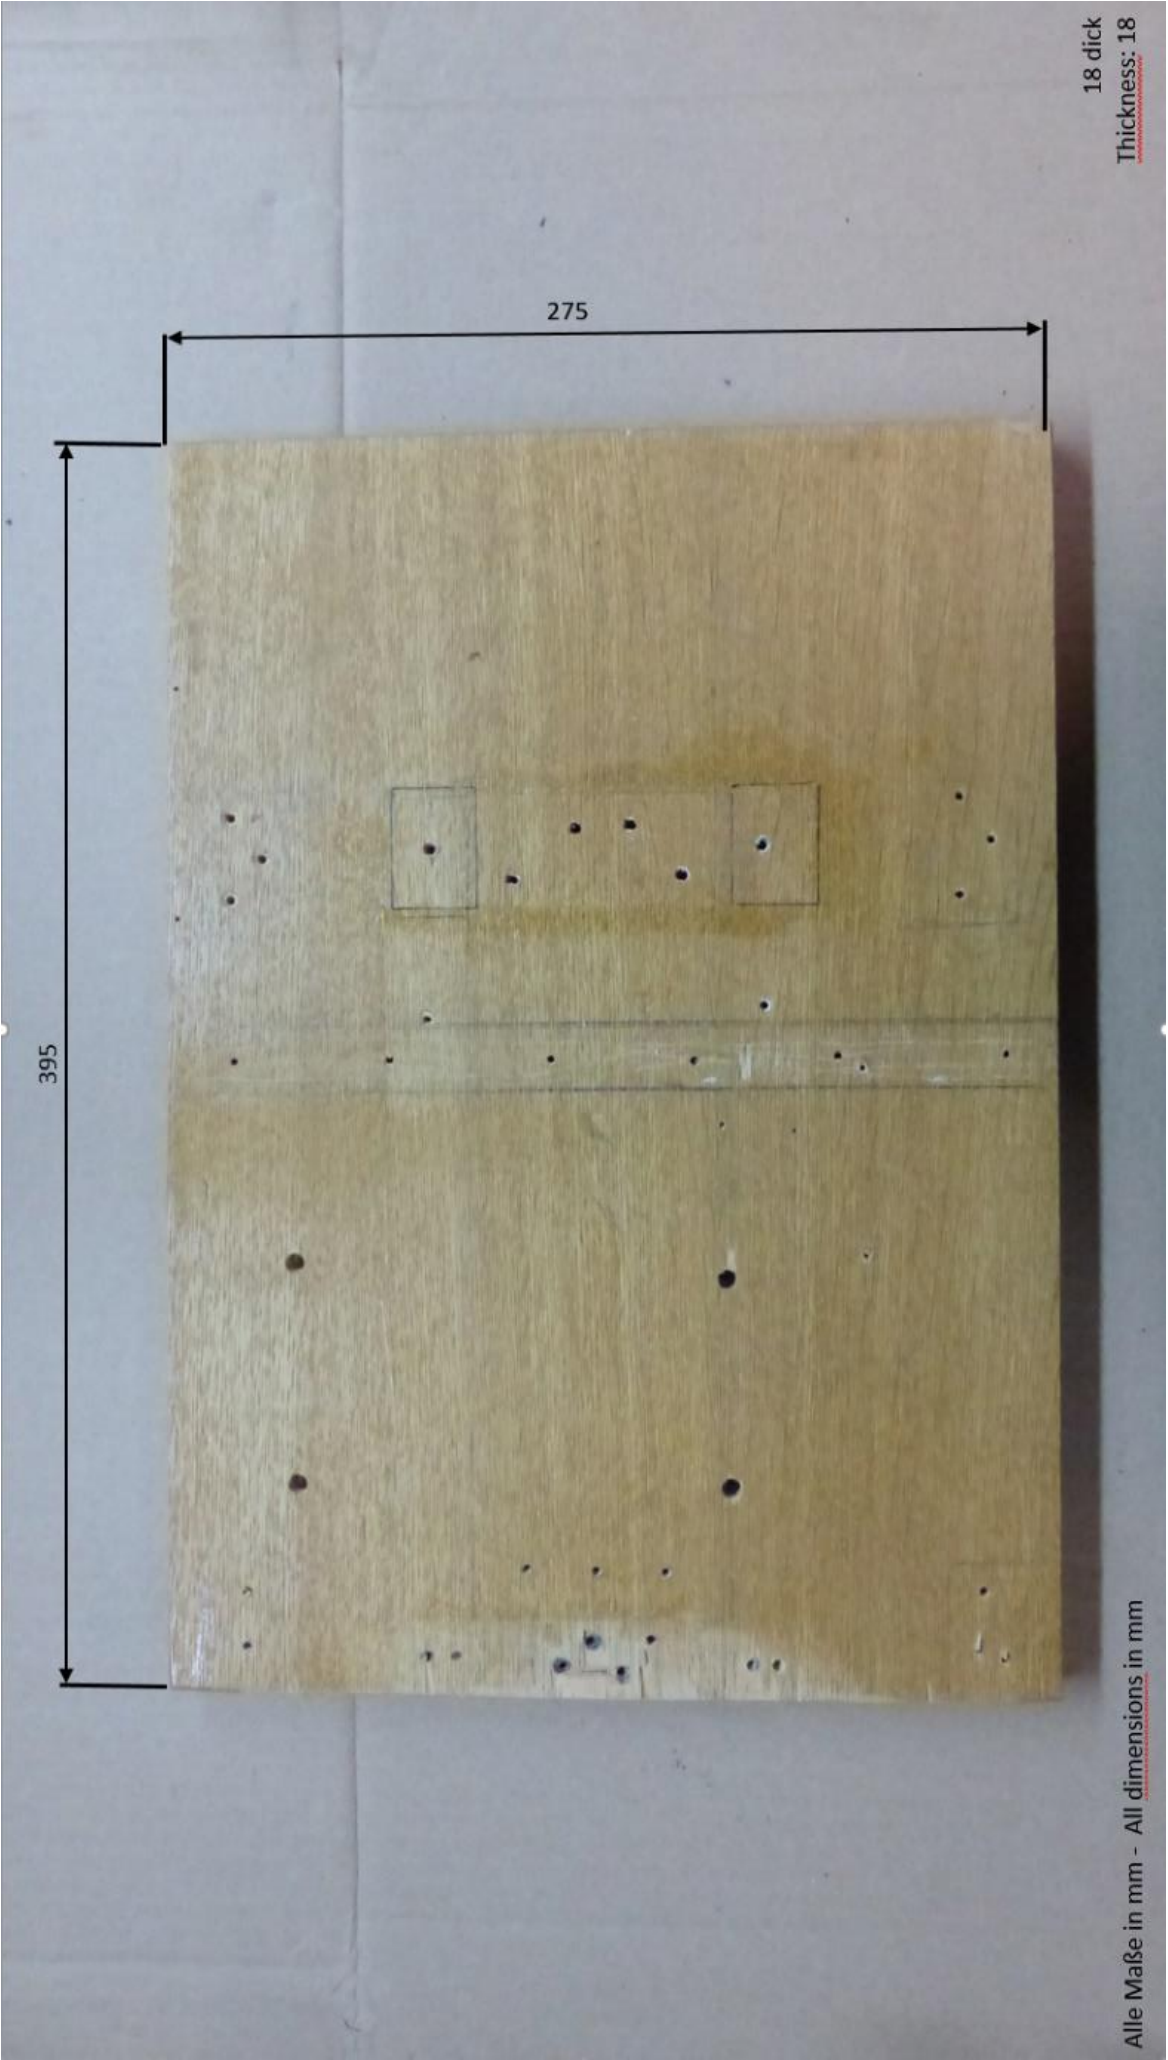

scroll saw

These scroll saw instructions are not intended to be complete or exact, but only show possible steps (with measurements) on how to build such a saw yourself. Depending on your ability, the saw will work more or less accurately. I recommend using the dimensions here as a guide only and not sawing all parts at once. A piecewise procedure in succession is certainly more suitable, even if it takes a little longer ...

Have fun with the replica and of course it is an advantage to watch the corresponding YouTube video!

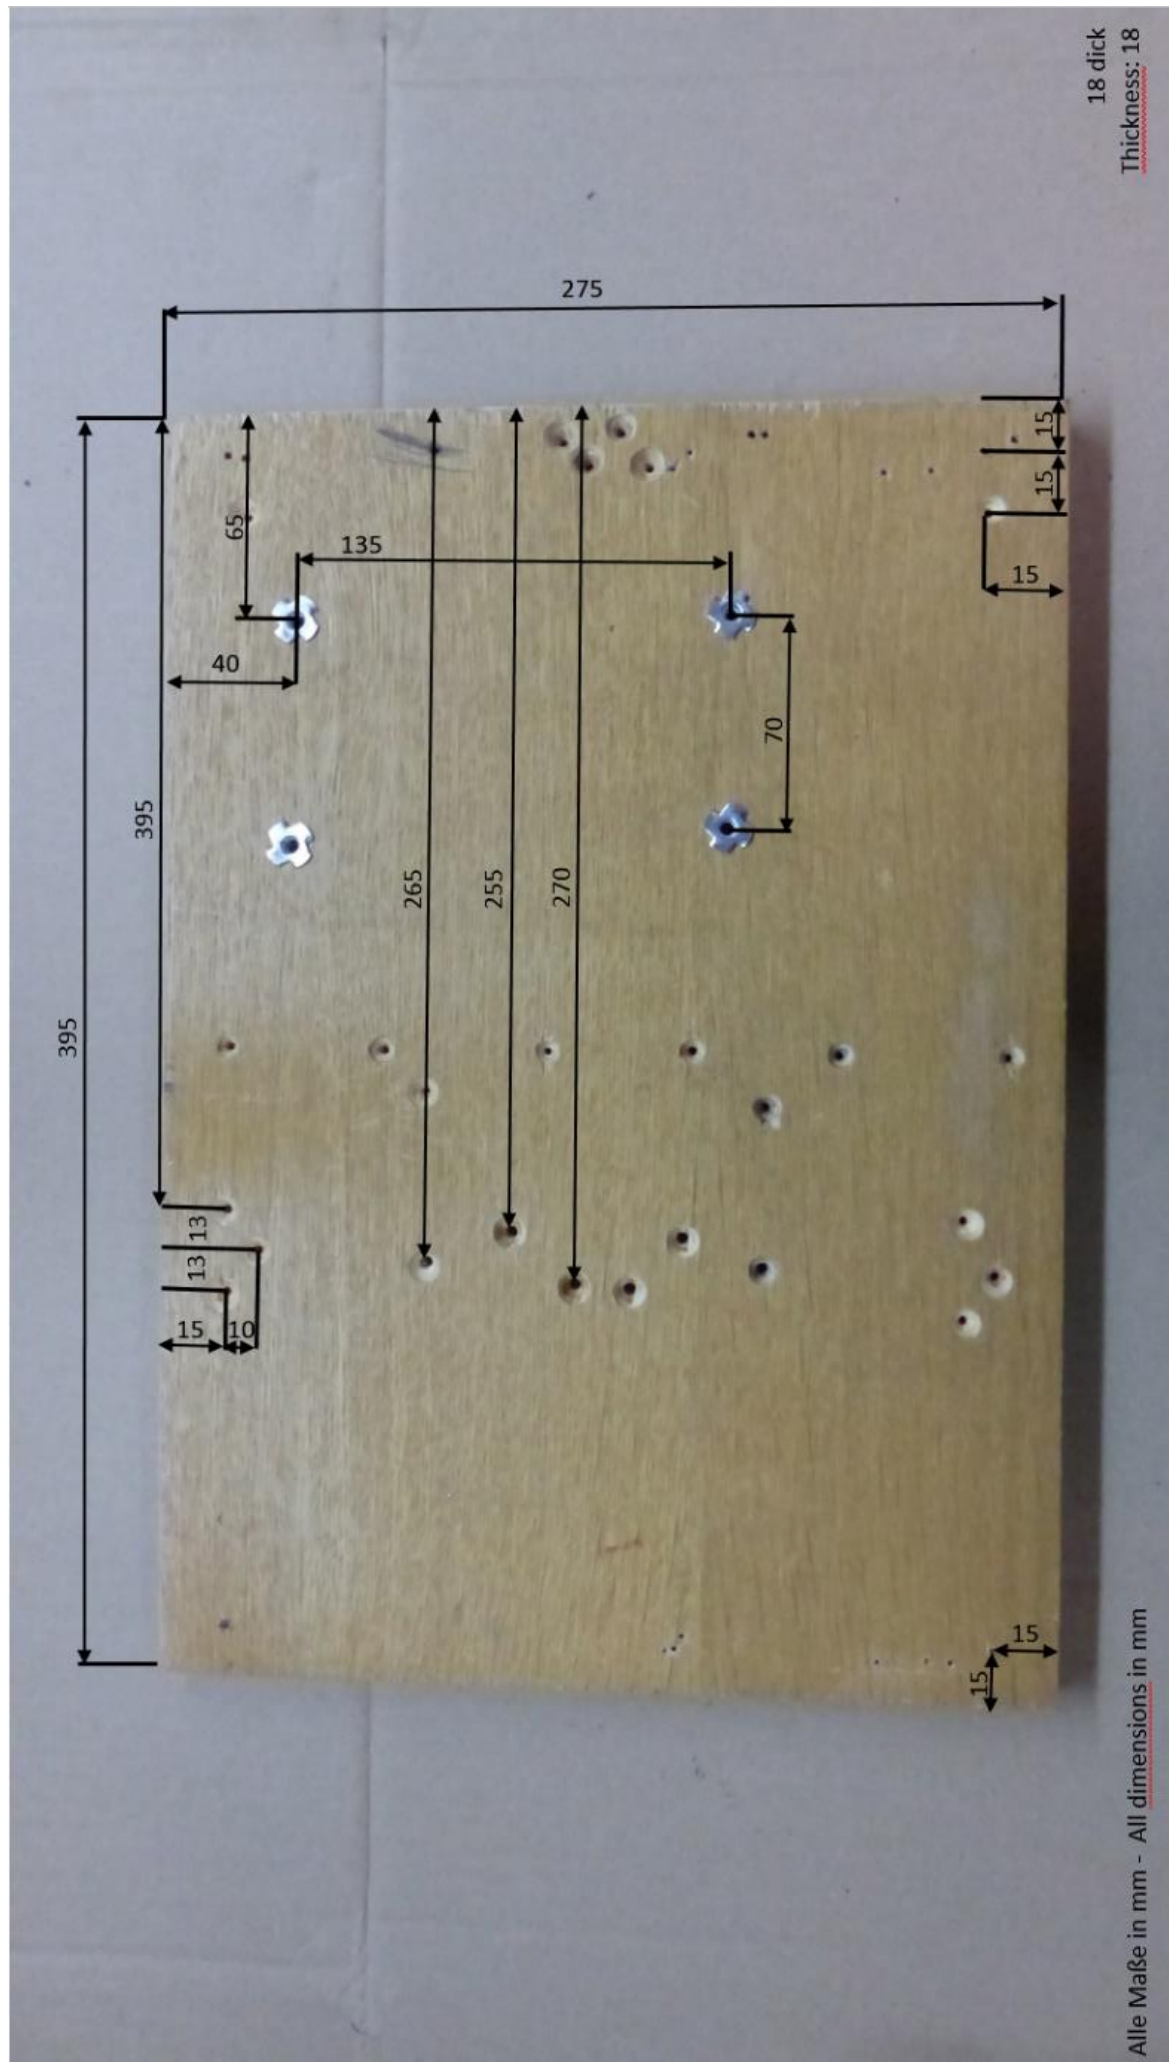

The link is: <https://www.youtube.com/watch?v=2BxsJp9peNM>

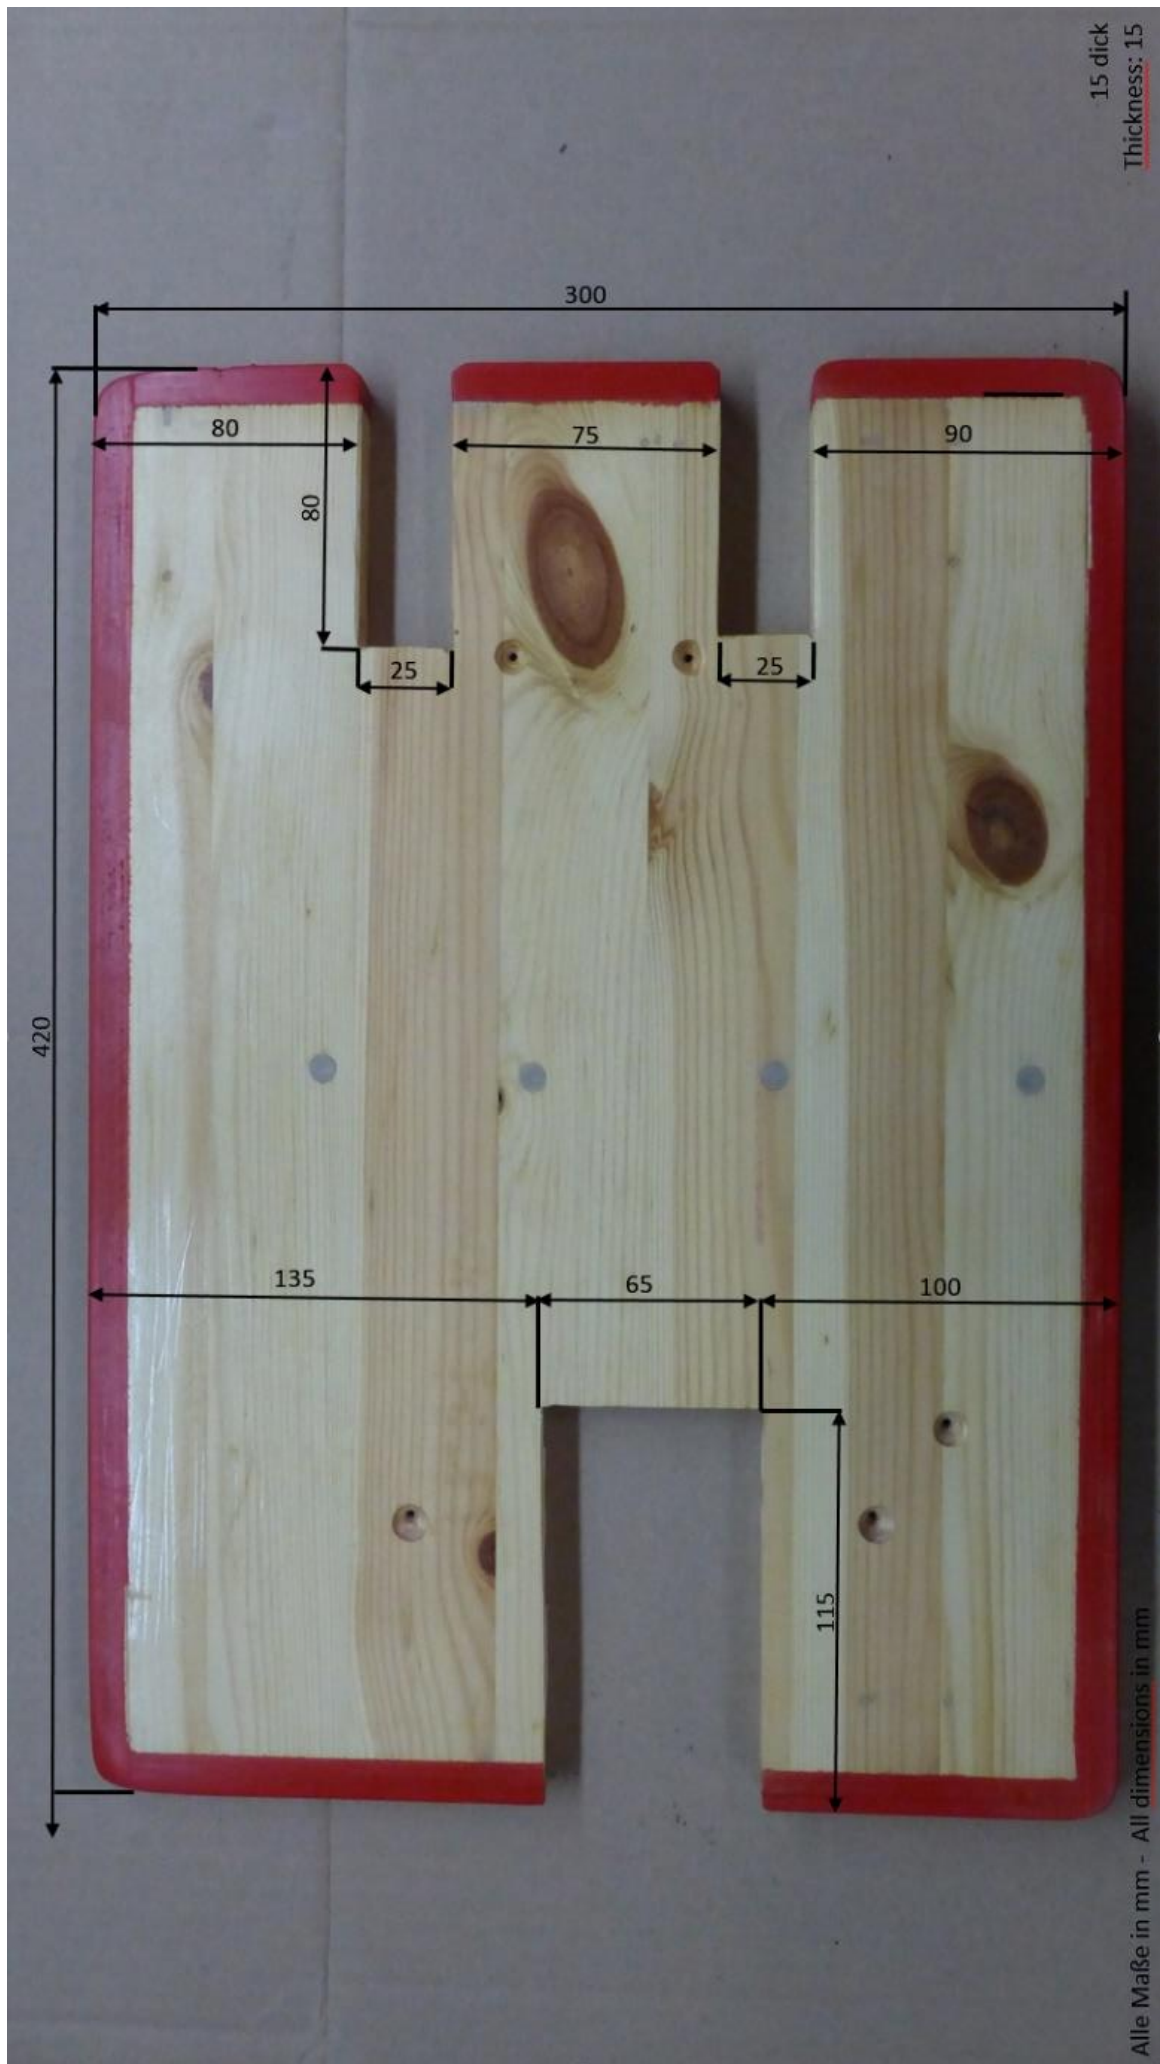

Here we go....

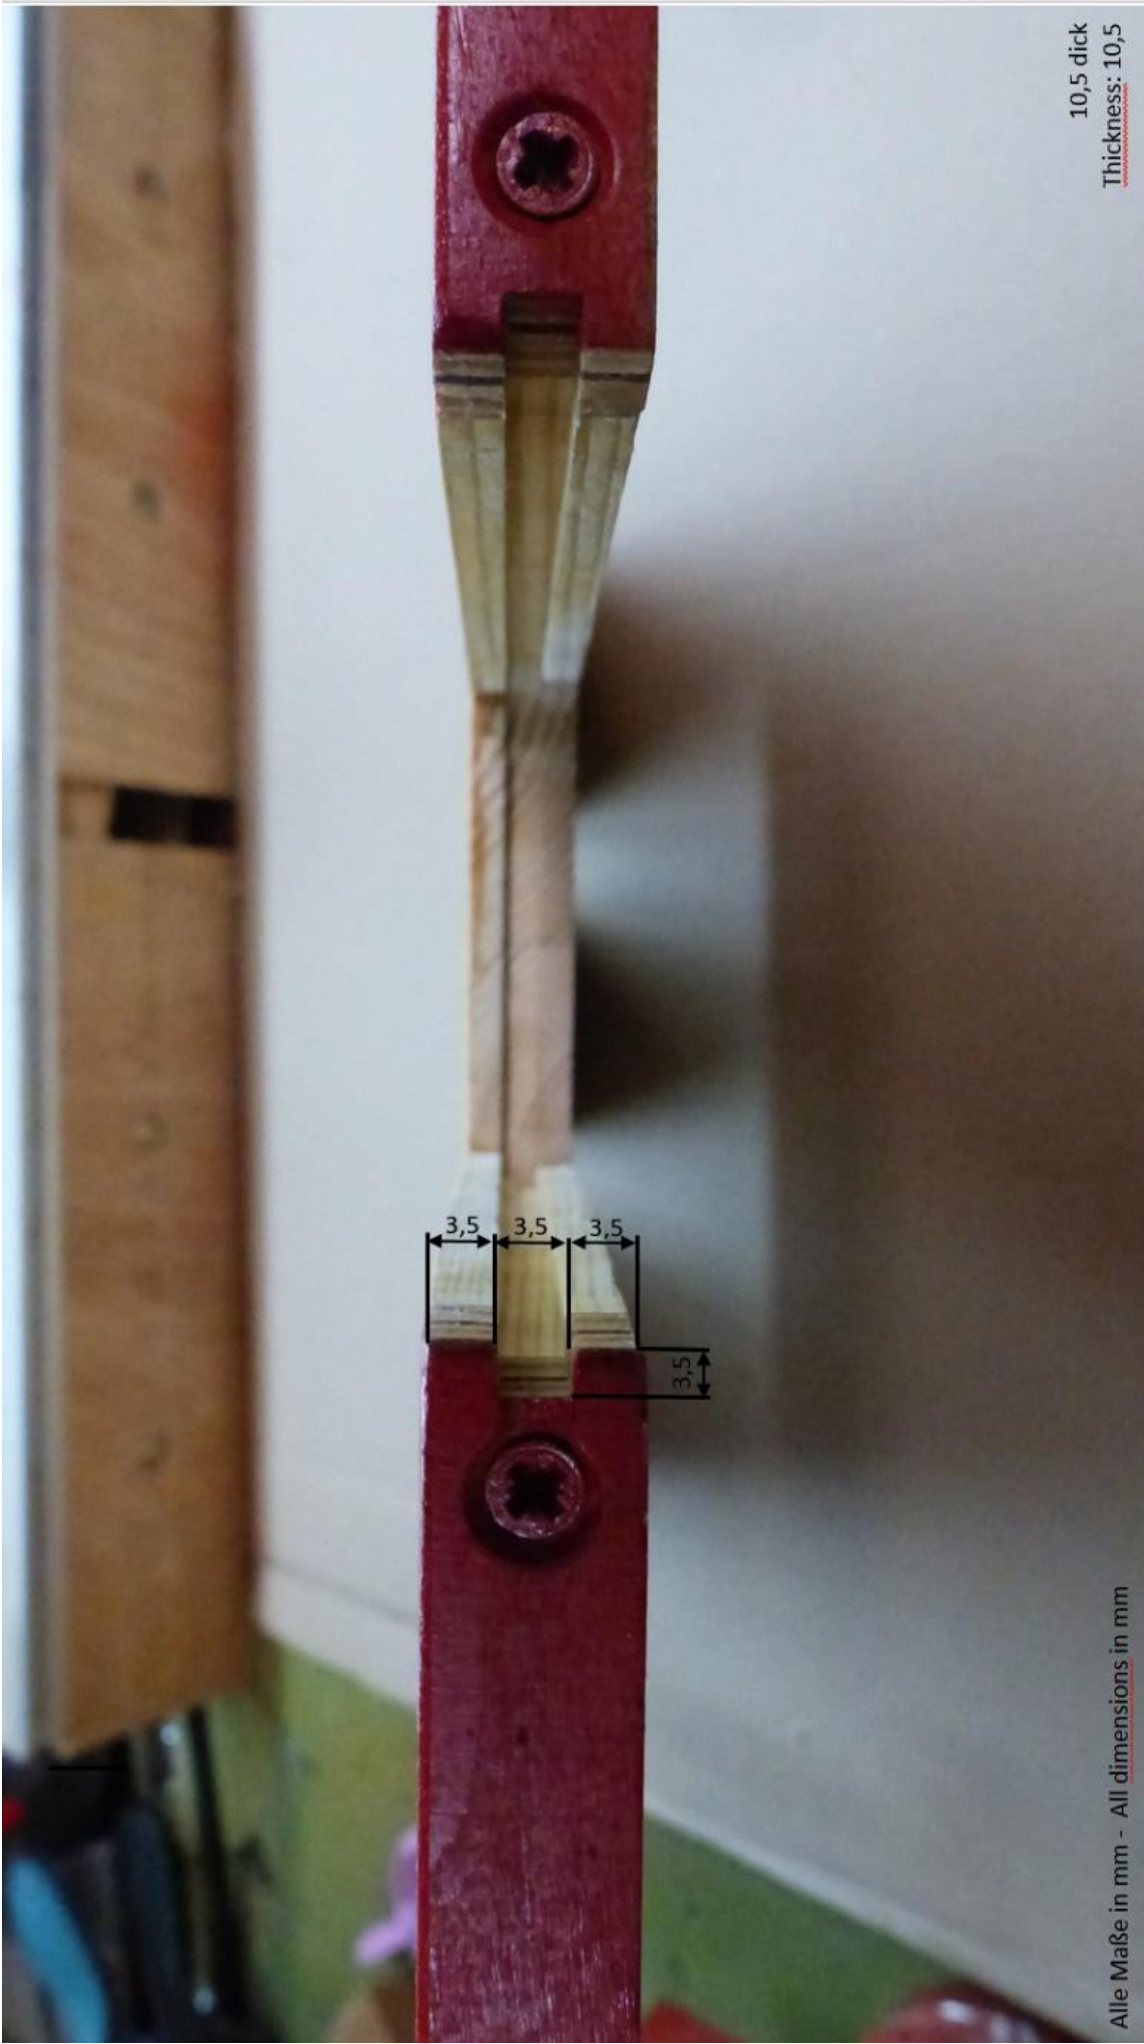

18 dick
Thickness: 18

Alle Maße in mm - All dimensions in mm

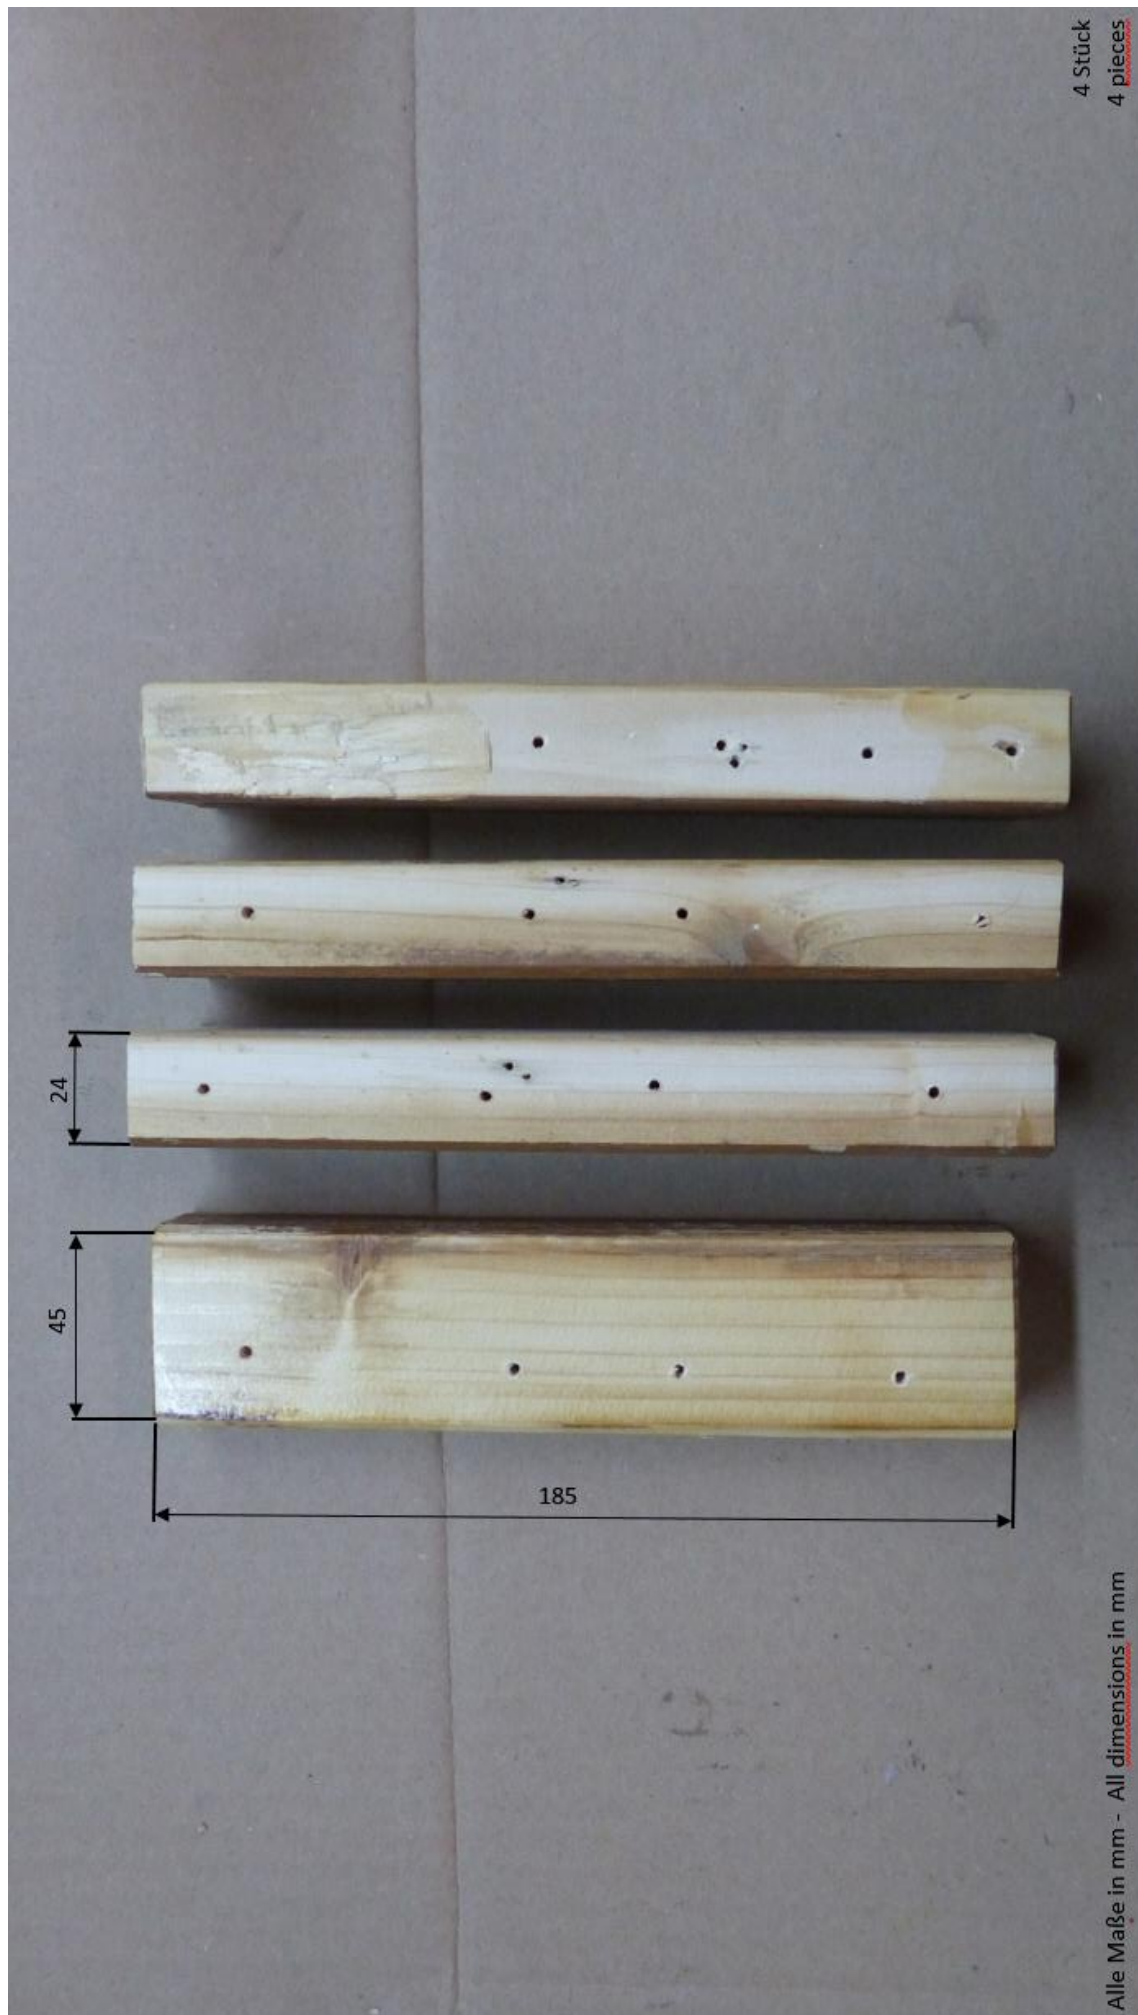

10,5 dick
Thickness: 10,5

Alle Maße in mm - All dimensions in mm

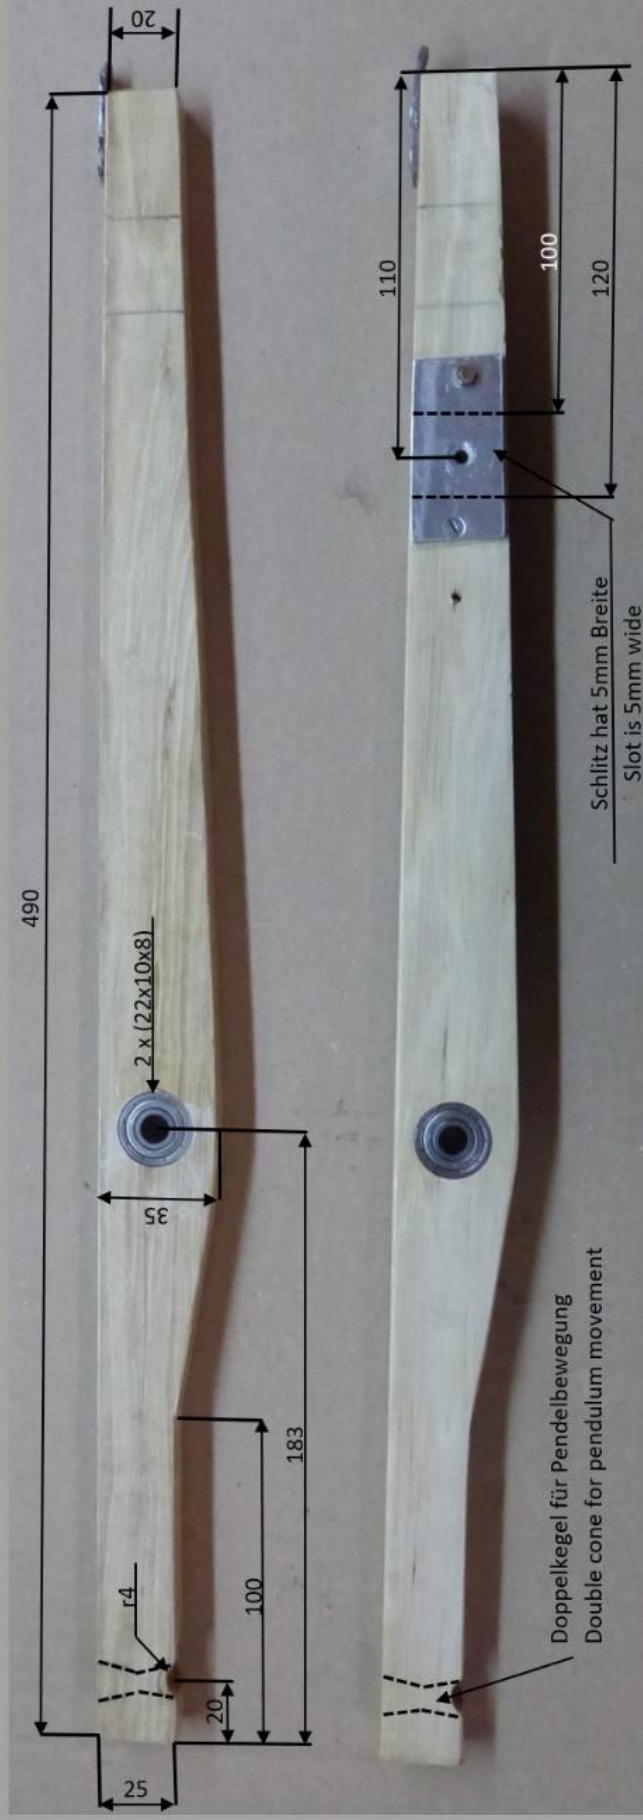

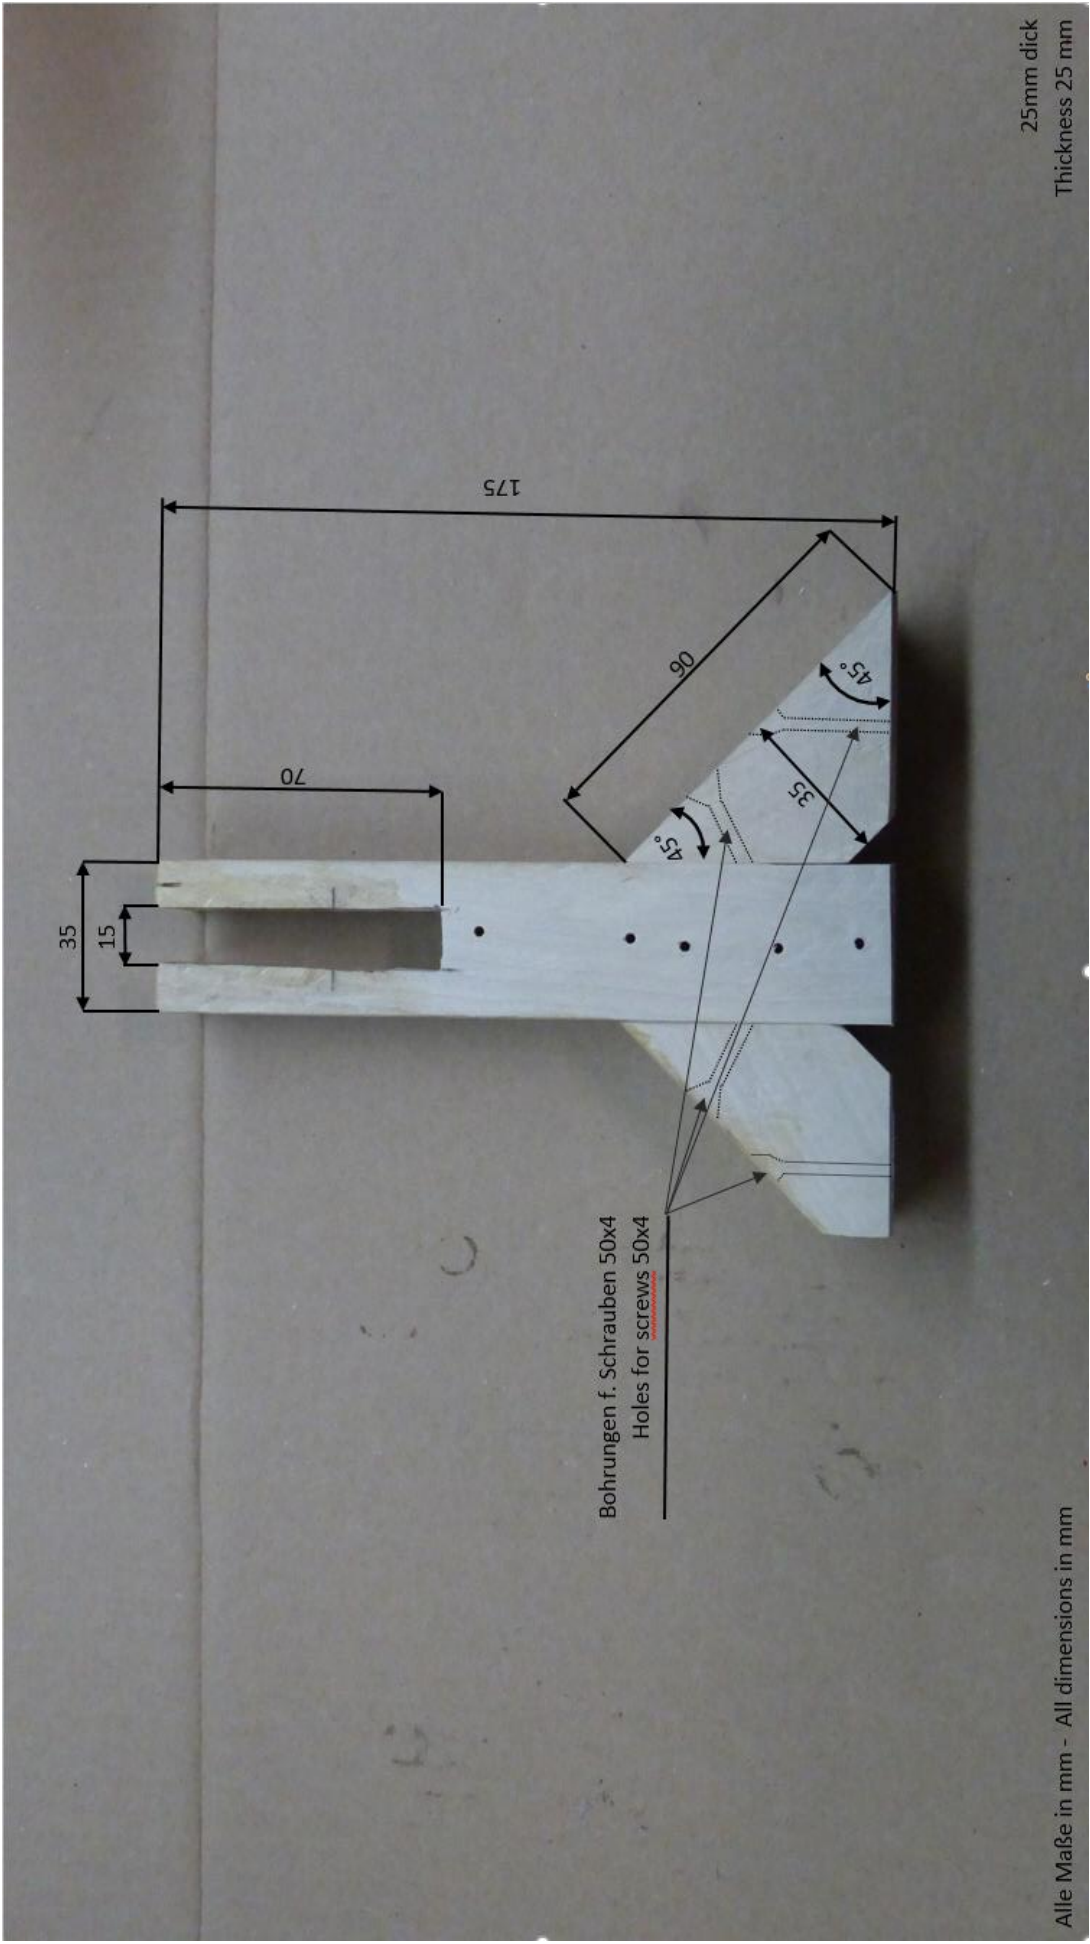

4 Stück
4 pieces

Alle Maße in mm - All dimensions in mm

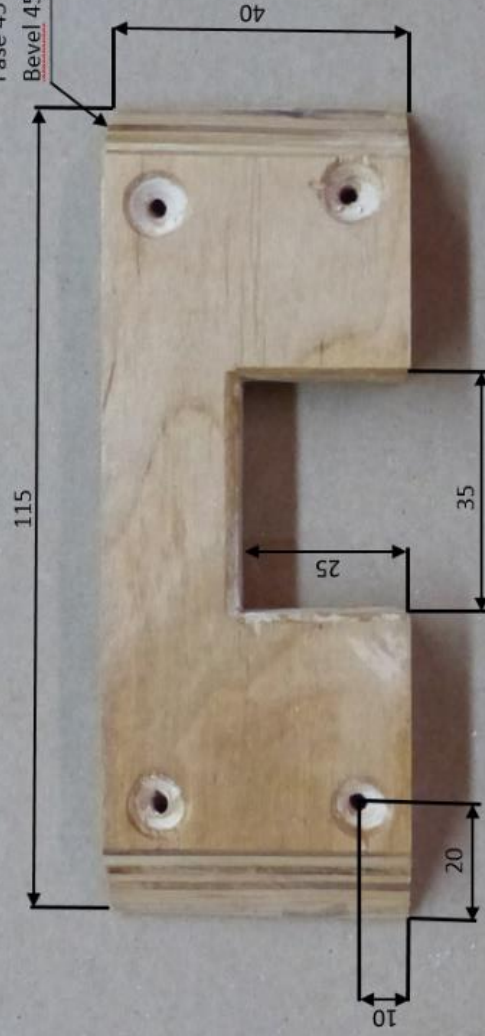

10mm dick
Thickness 10 mm

Alle Maße in mm - All dimensions in mm

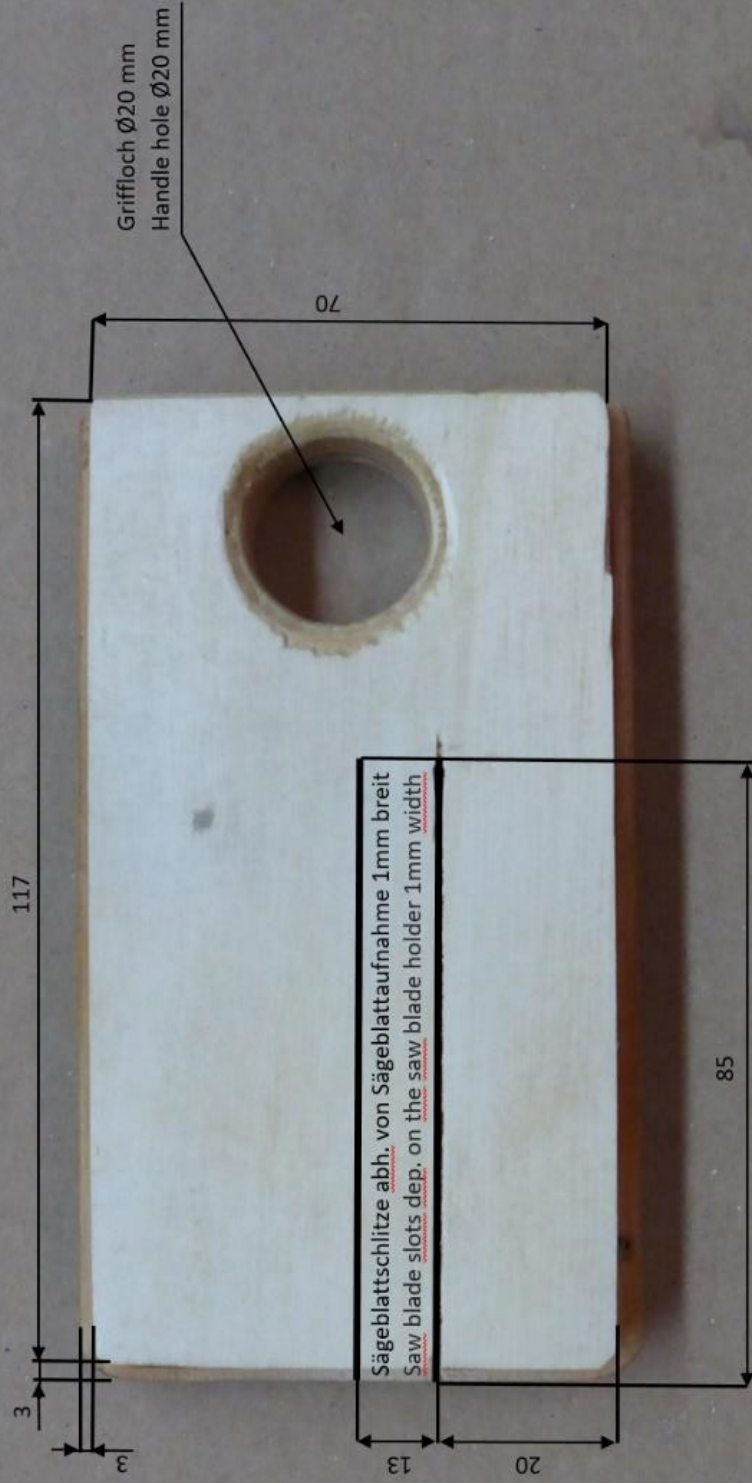

Fase 45° 10x10
Bevel 45° 10x10

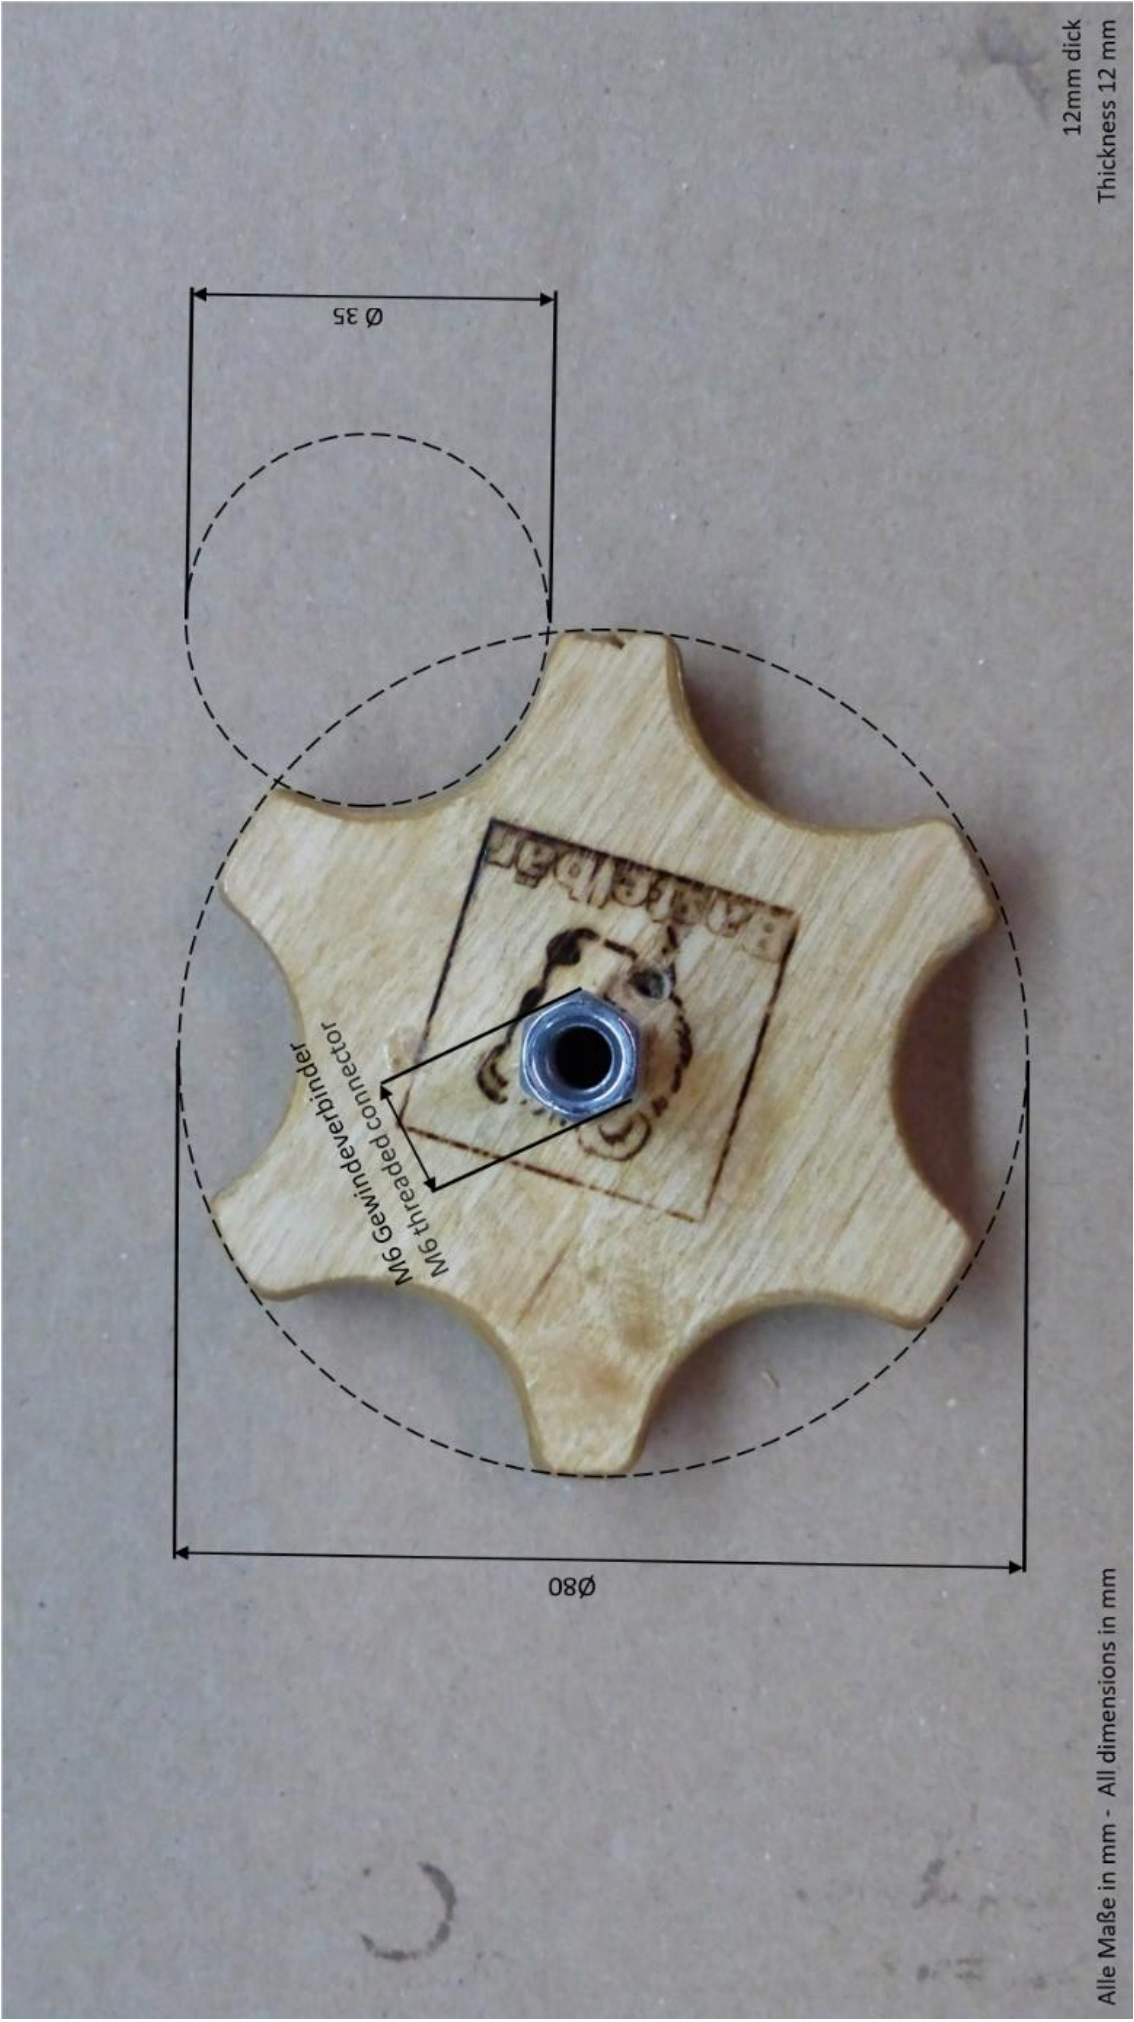

12mm dick
Thickness 12 mm

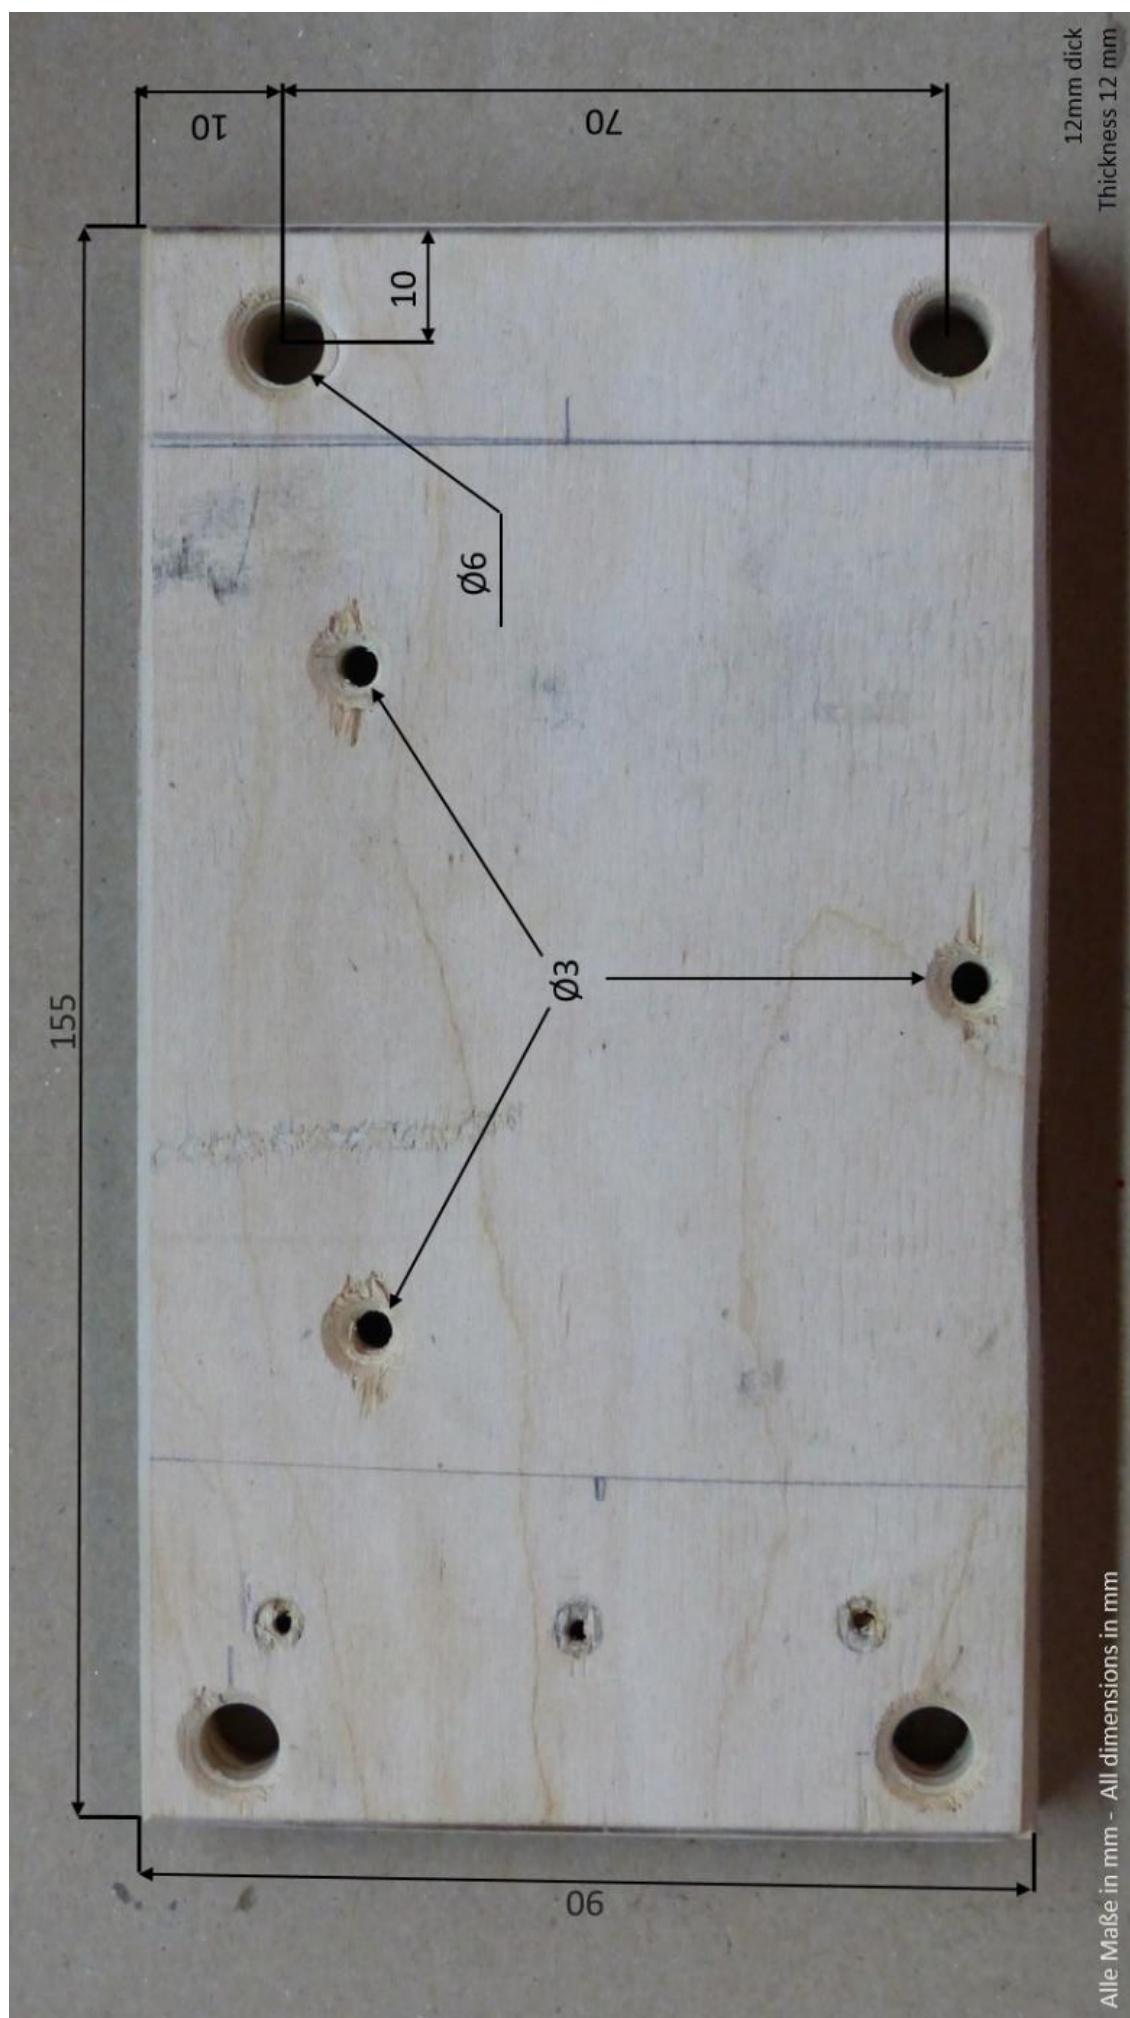

Alle Maße in mm - All dimensions in mm

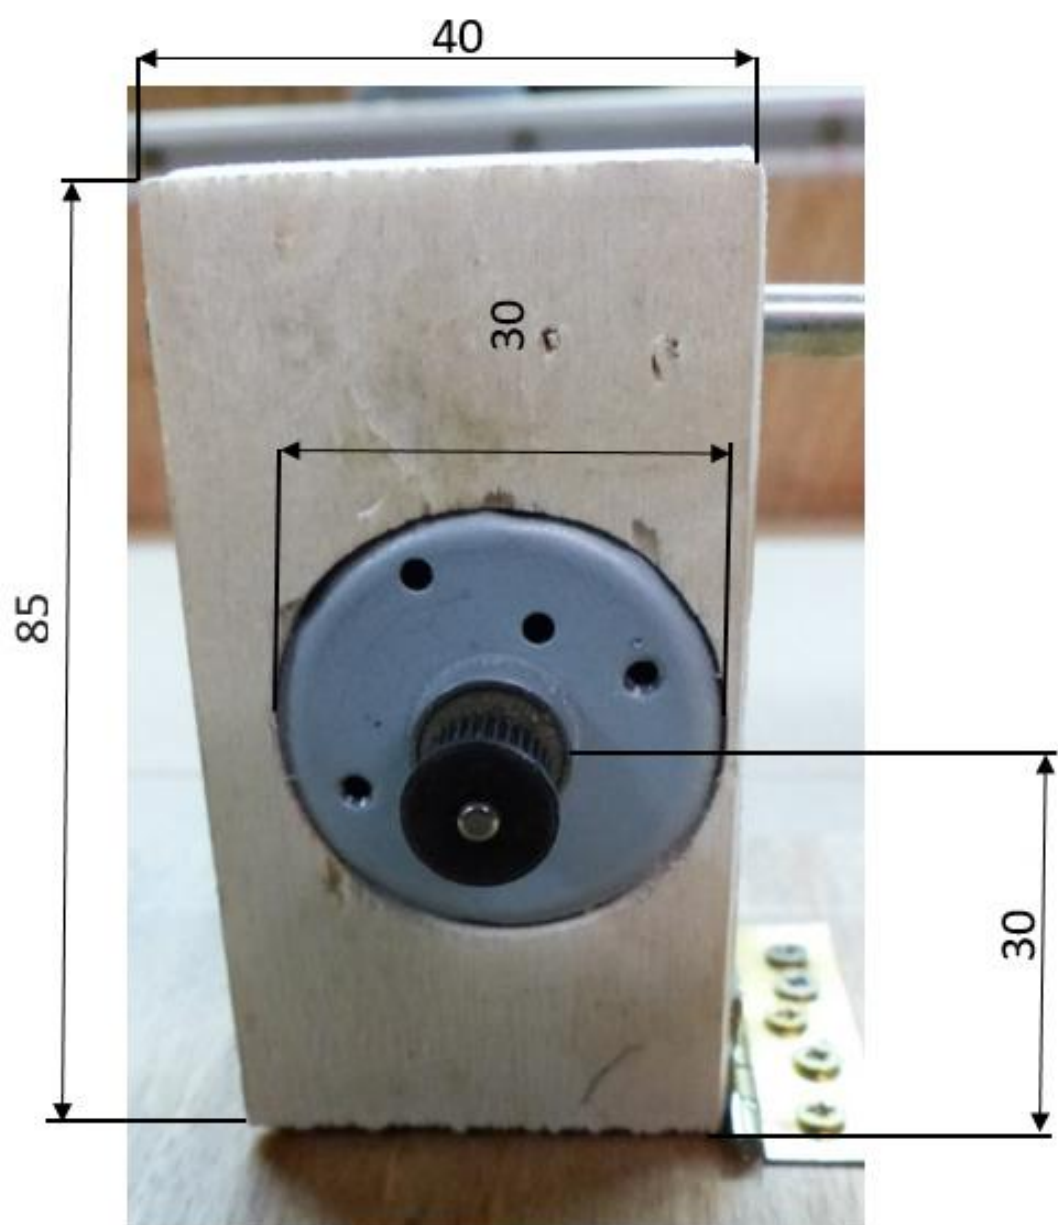

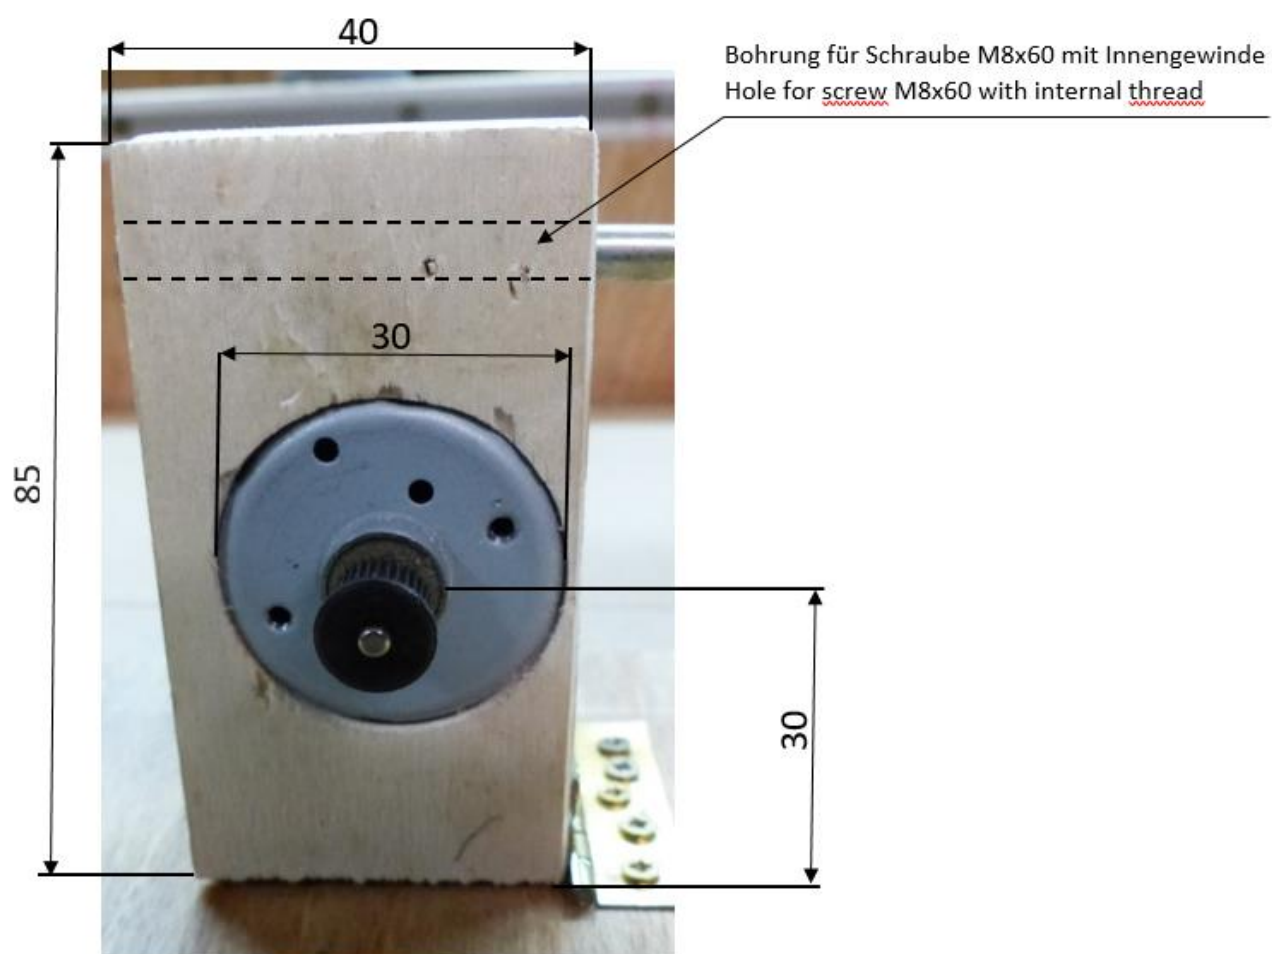

10,5mm dick
Thickness 10,5 mm

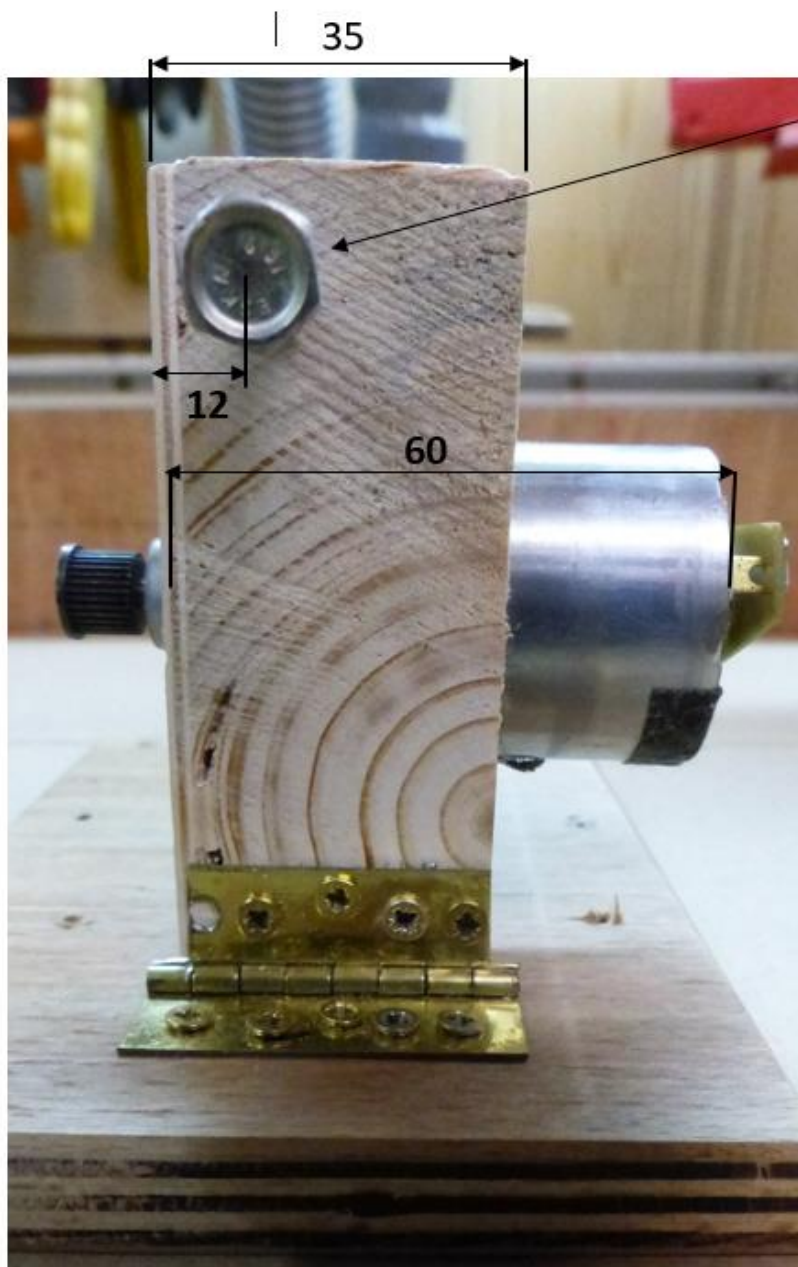

Alle Maße in mm - All dimensions in mm

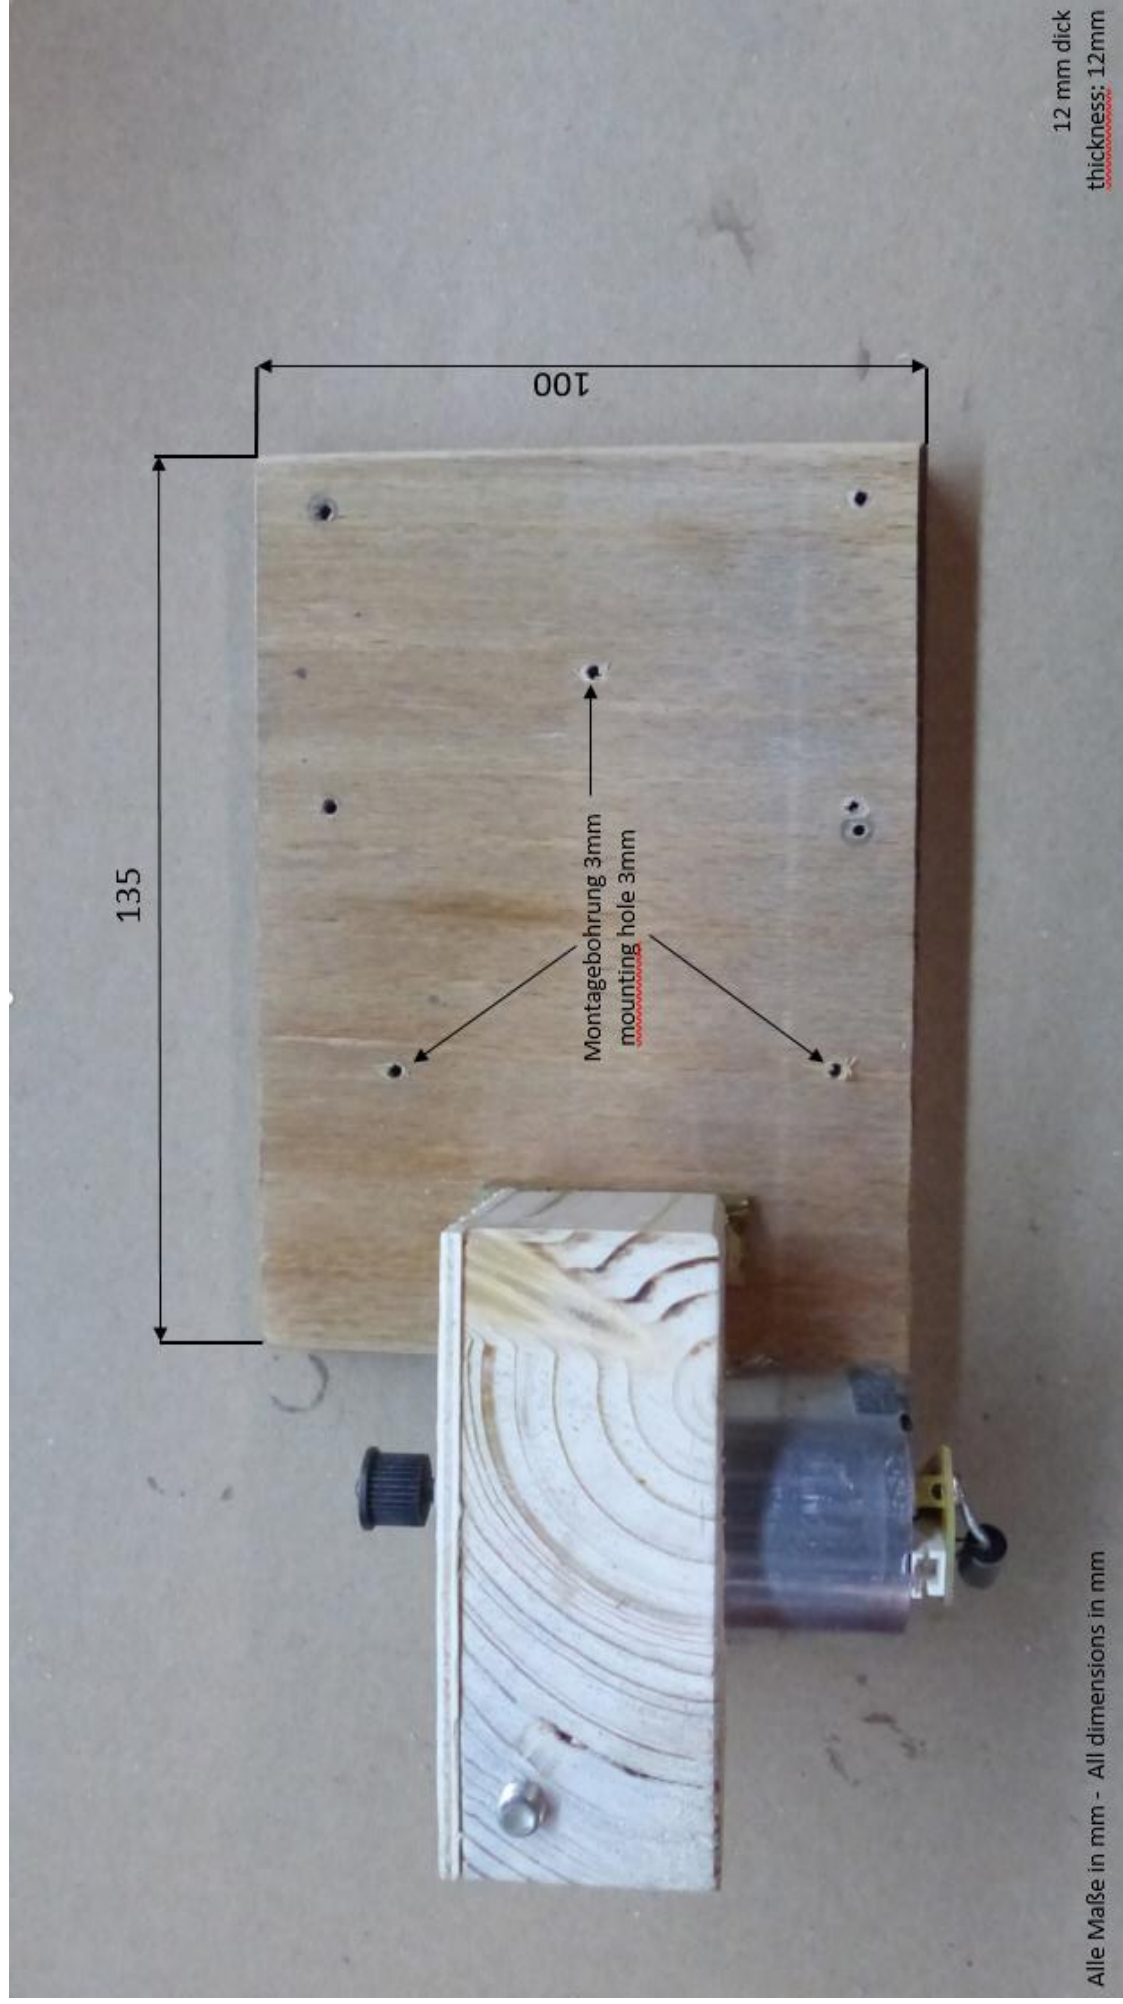

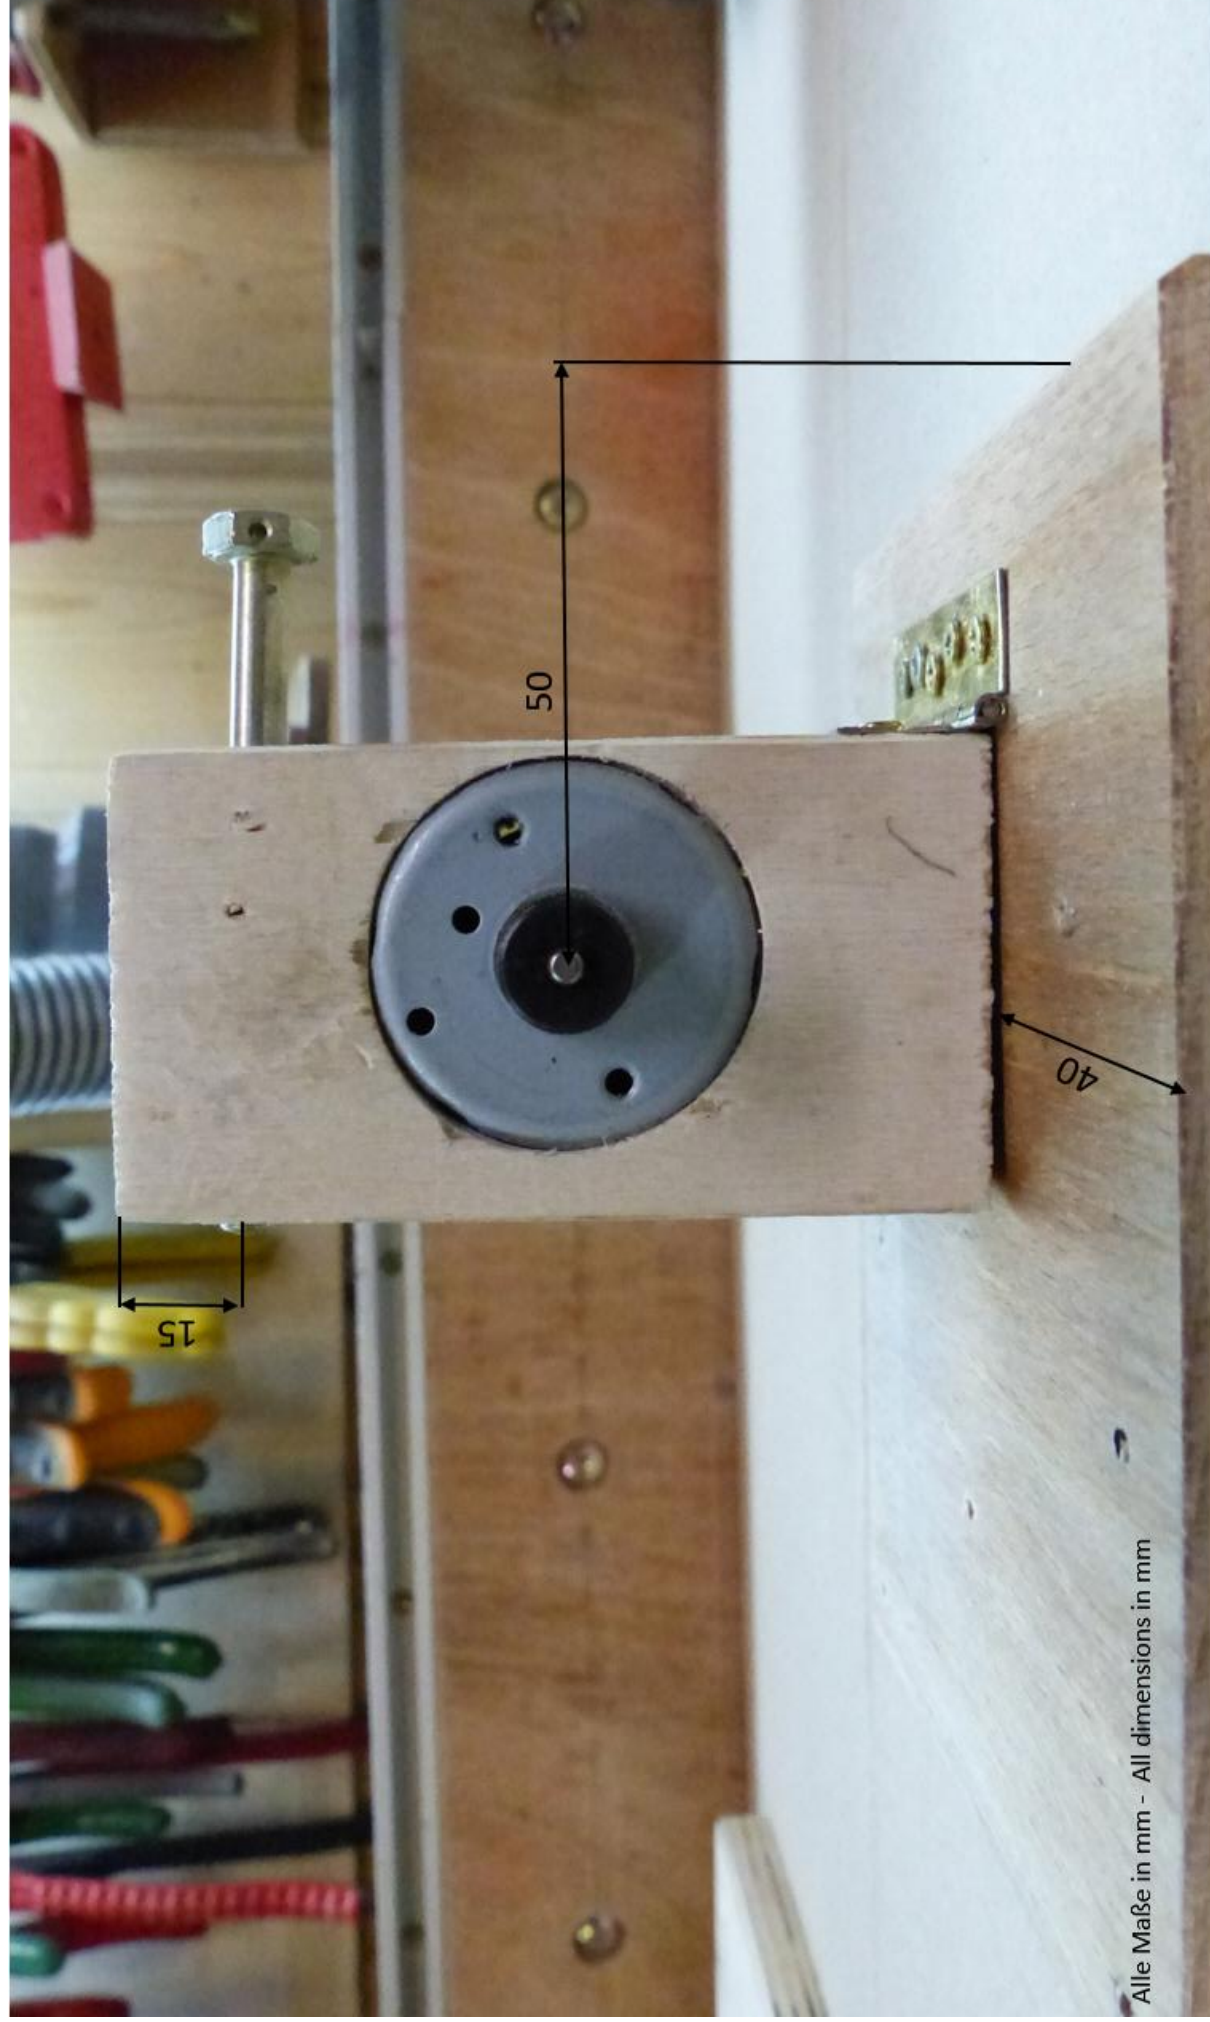

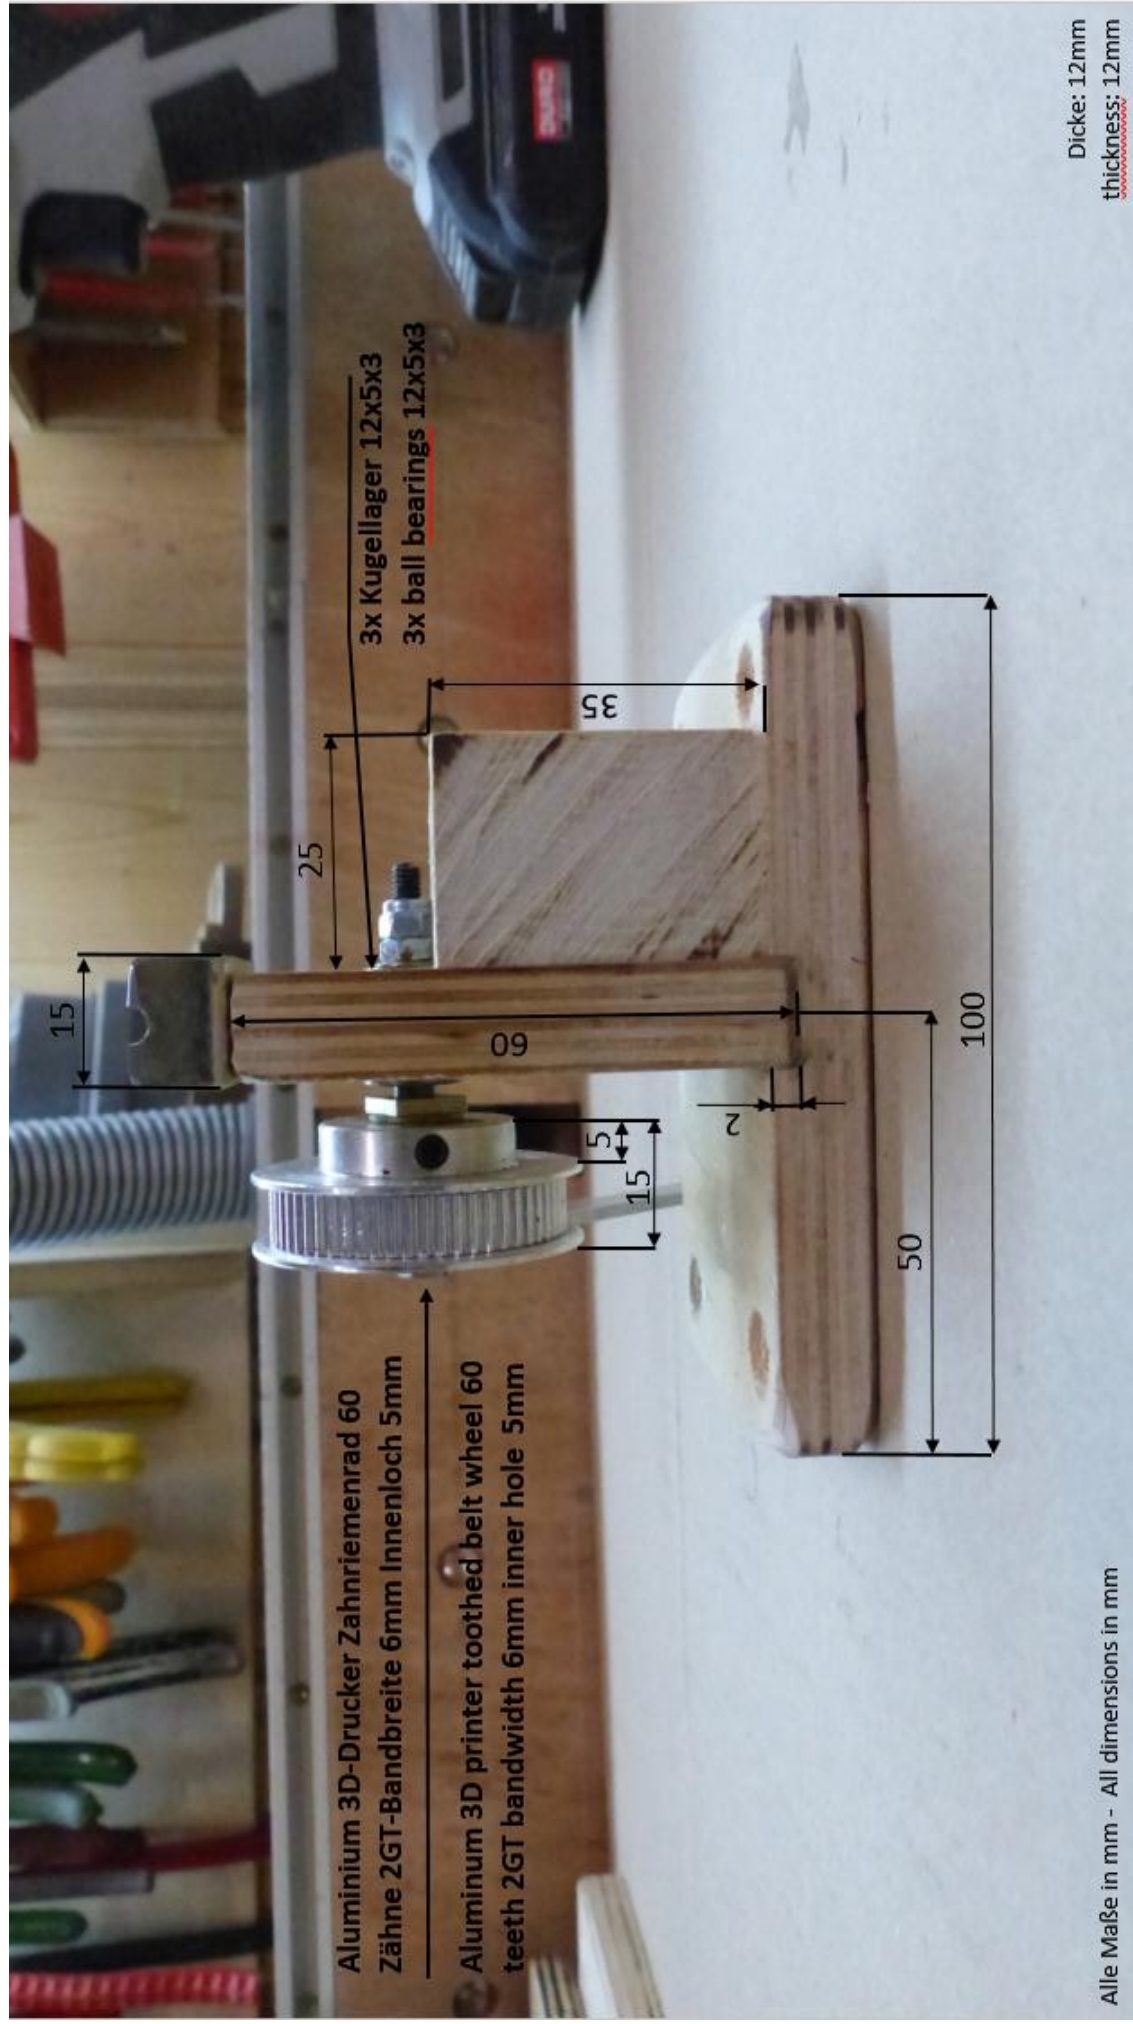

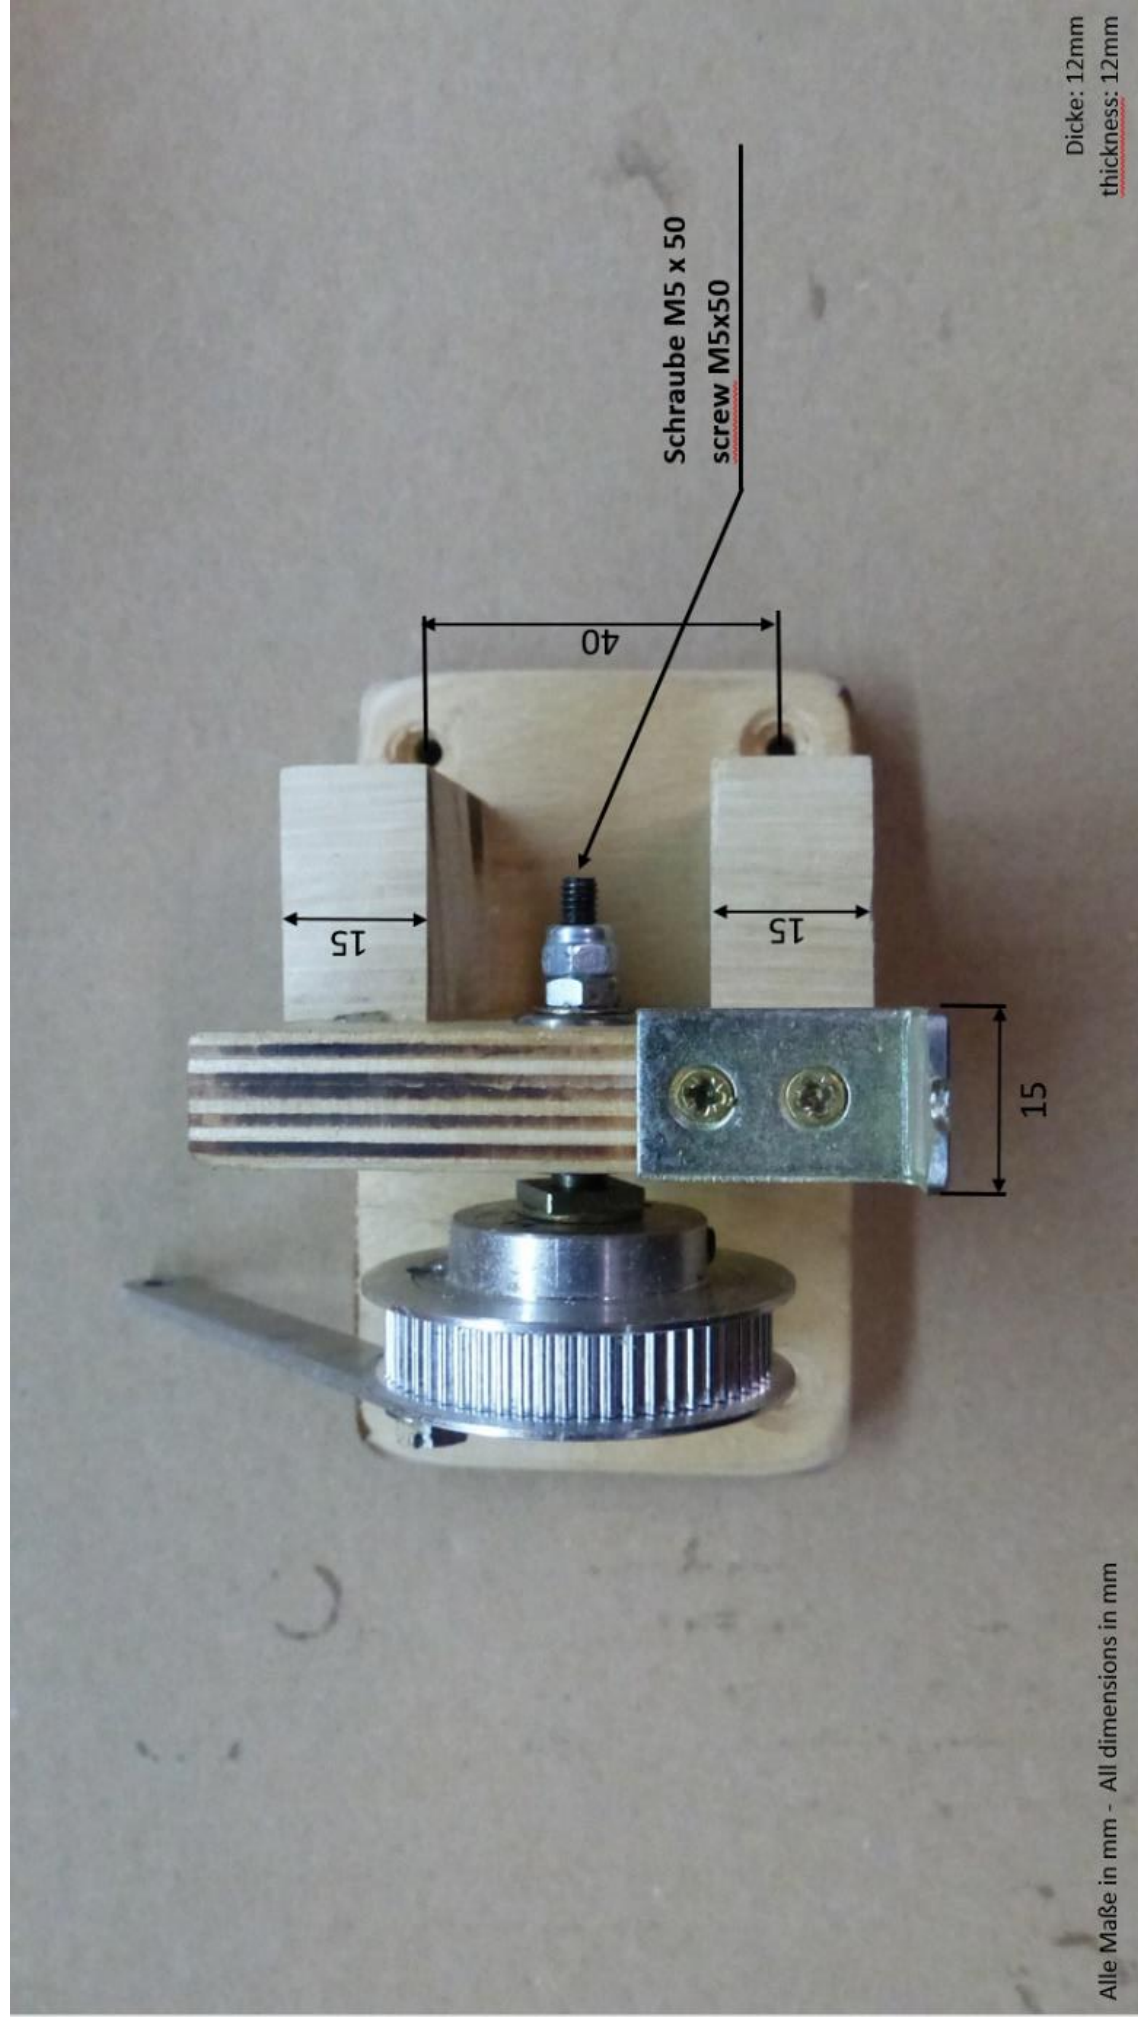

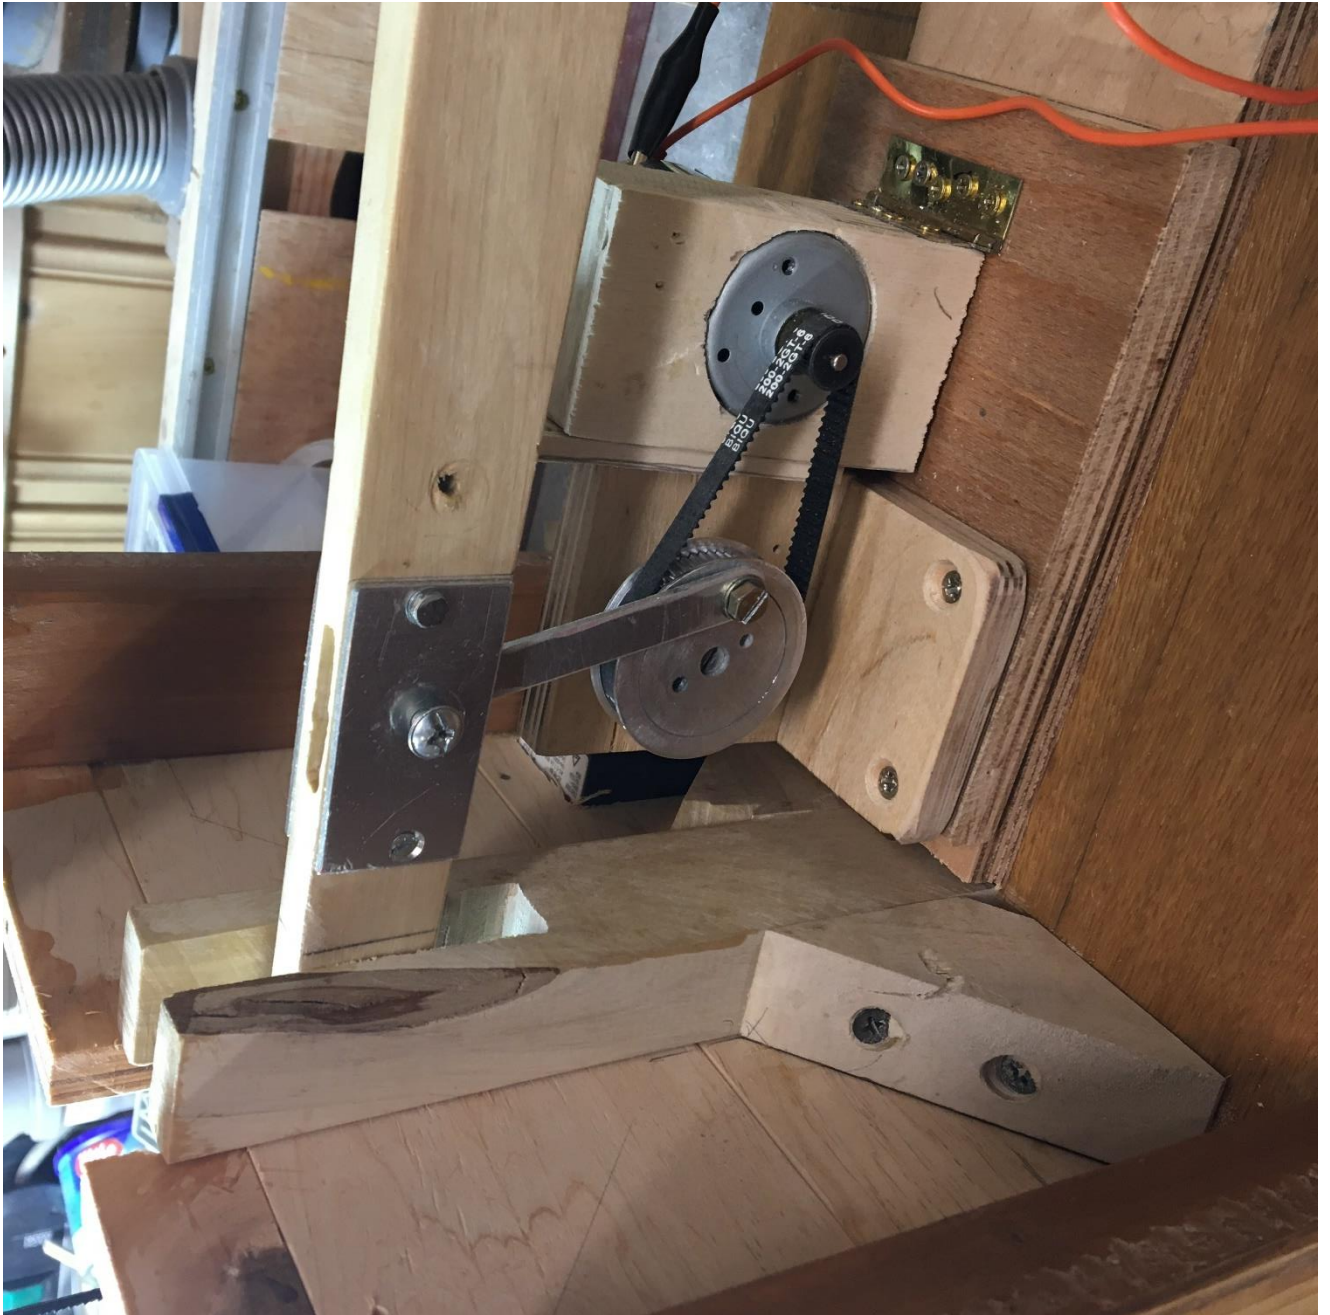

Schraube M8x60
Screw M8x60

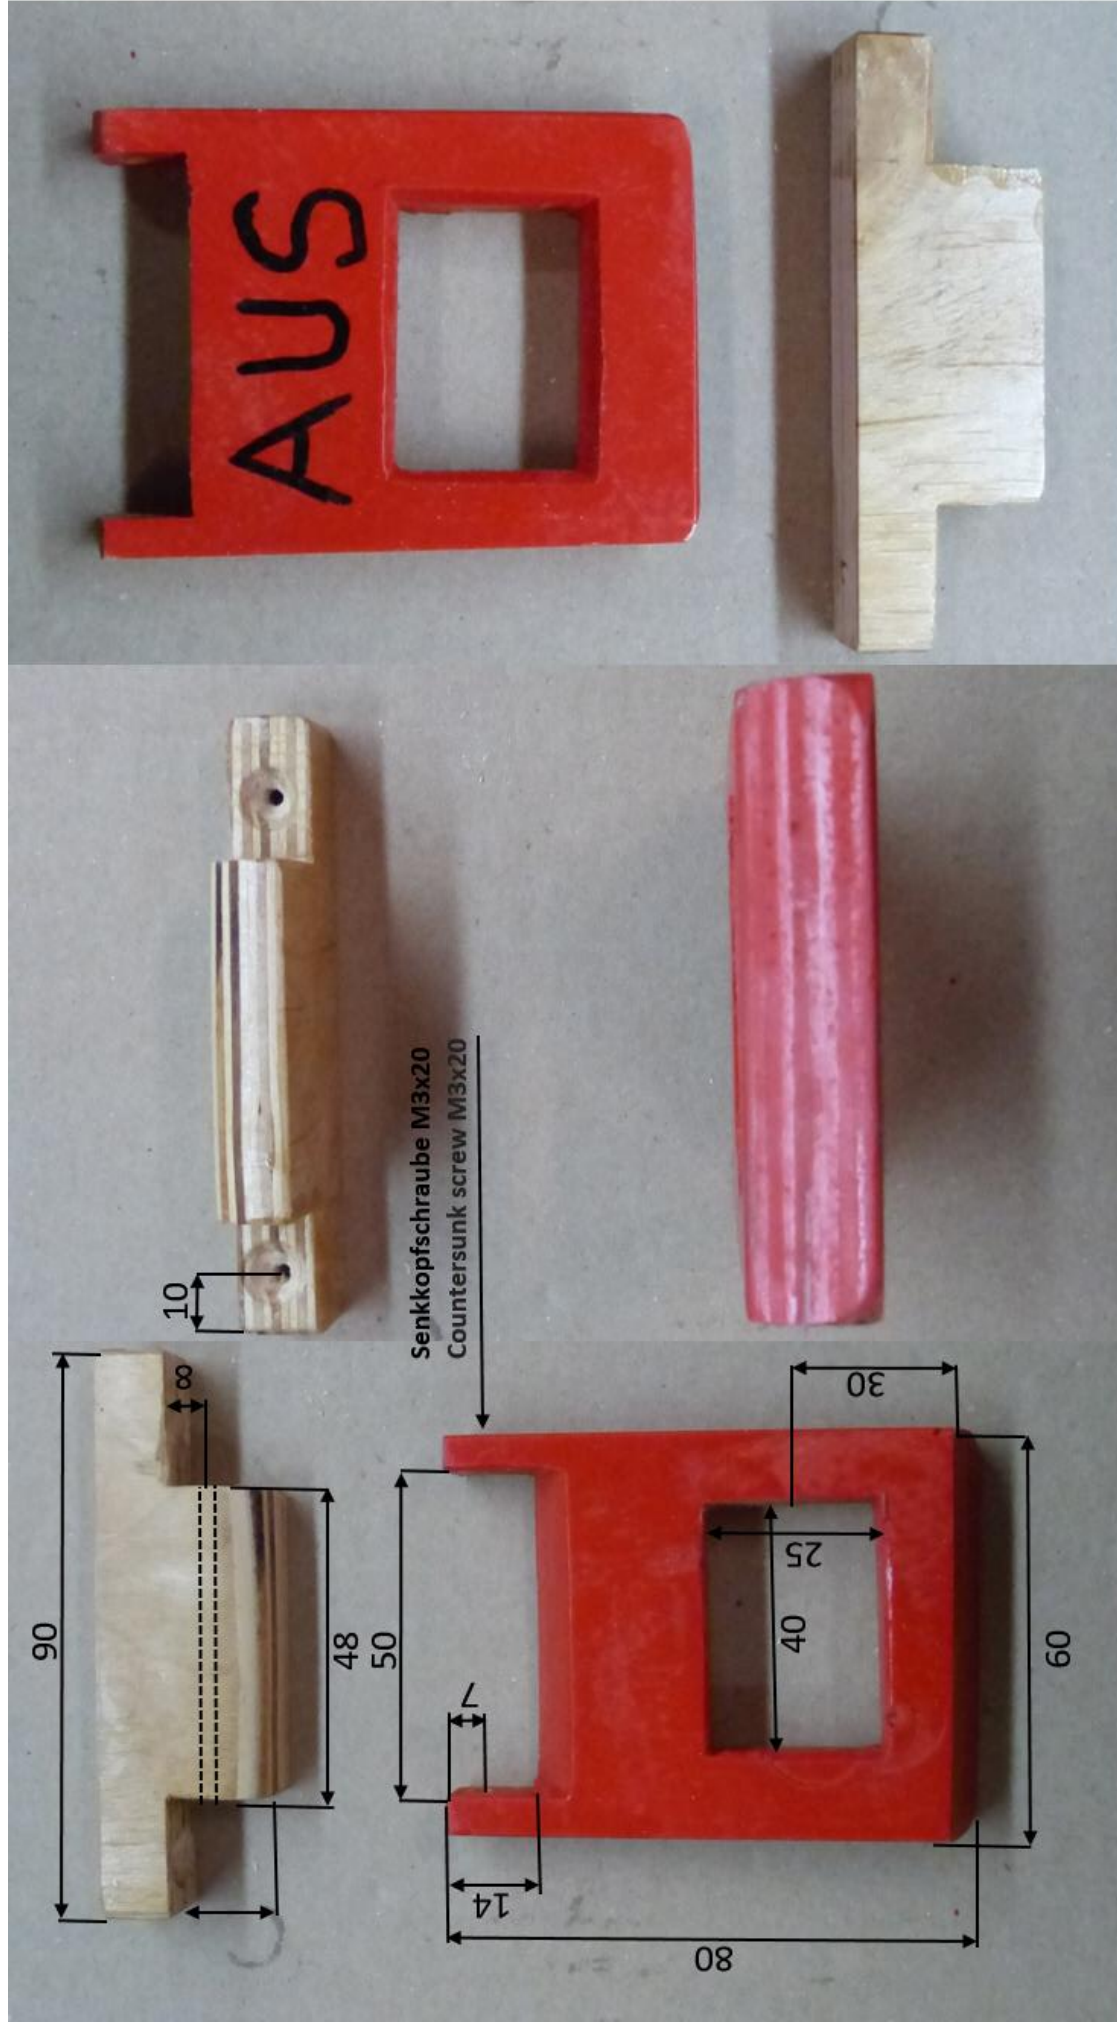

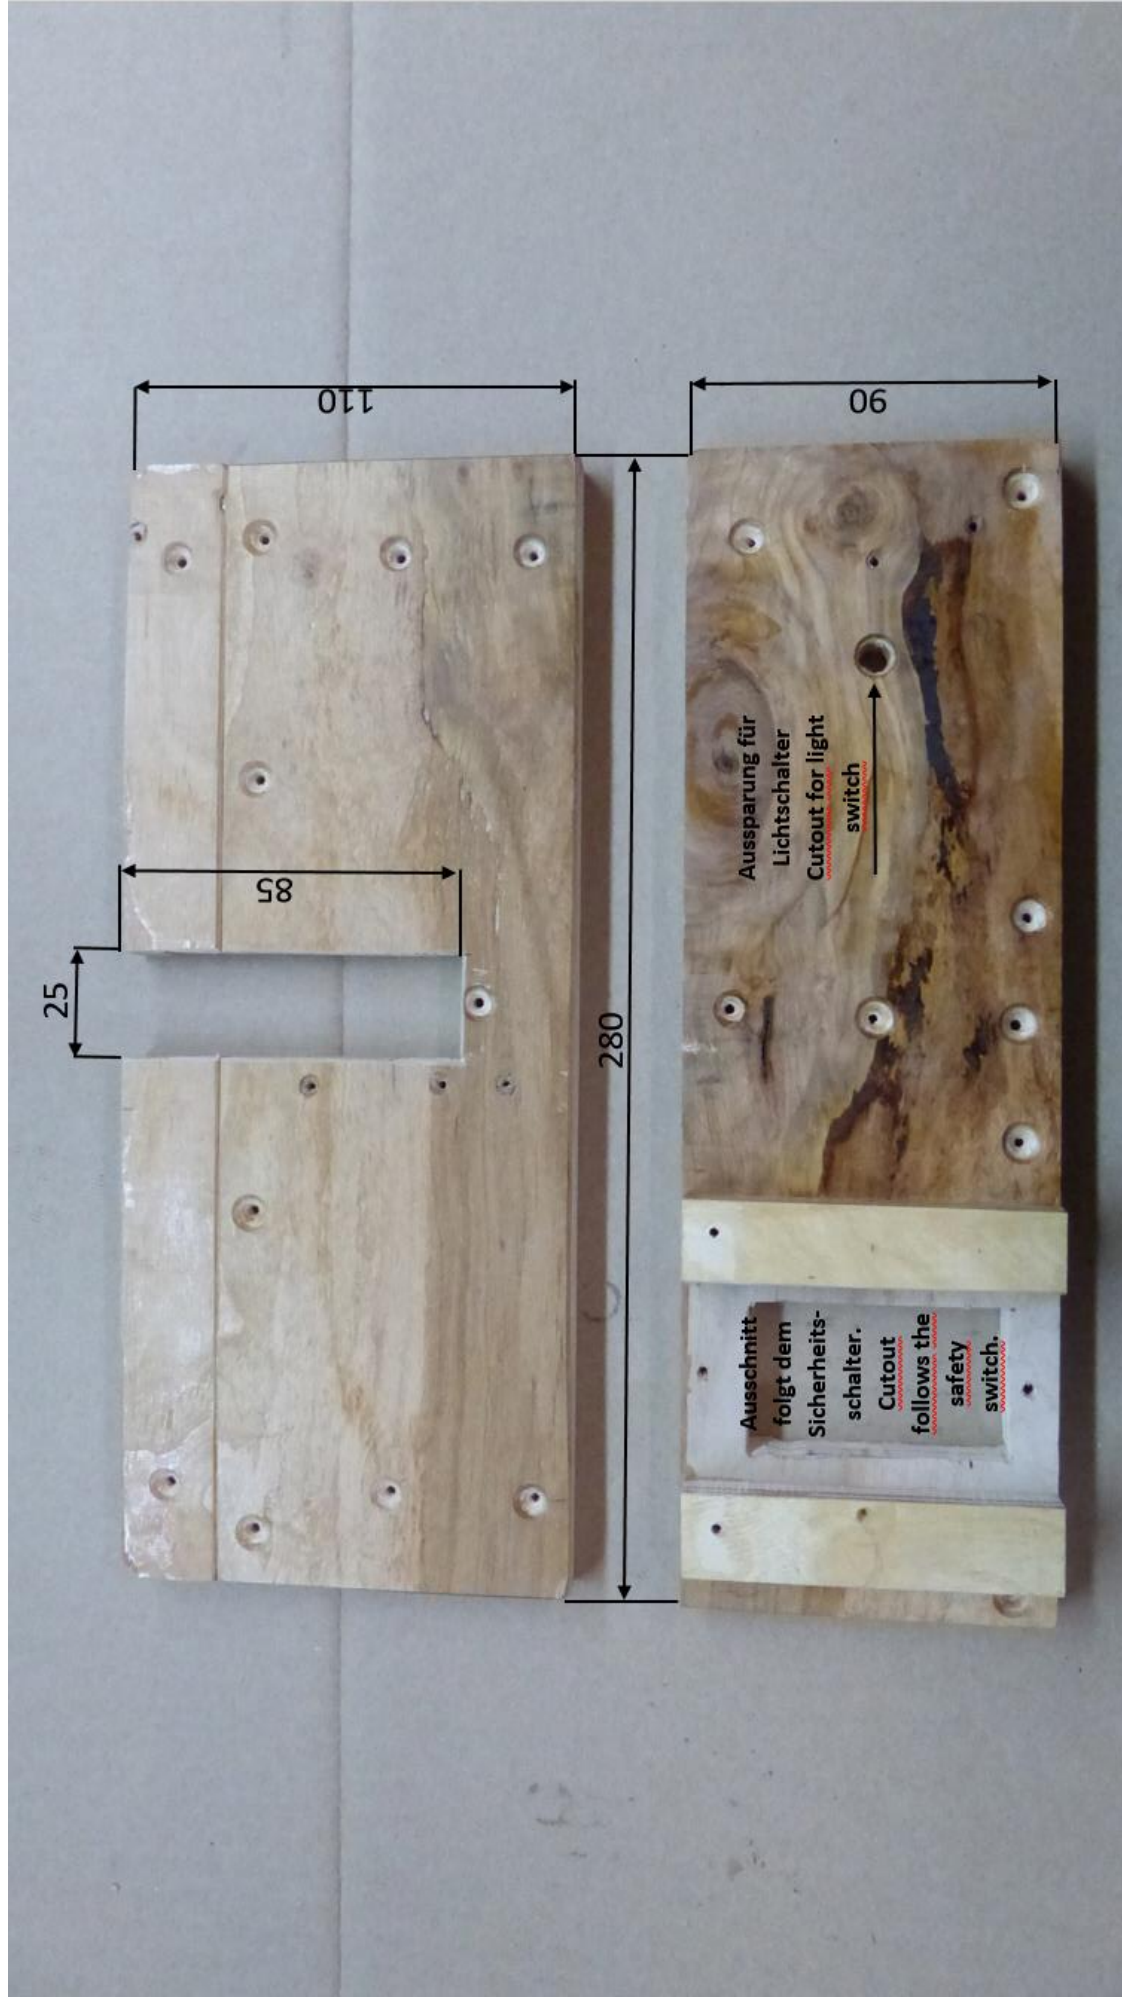

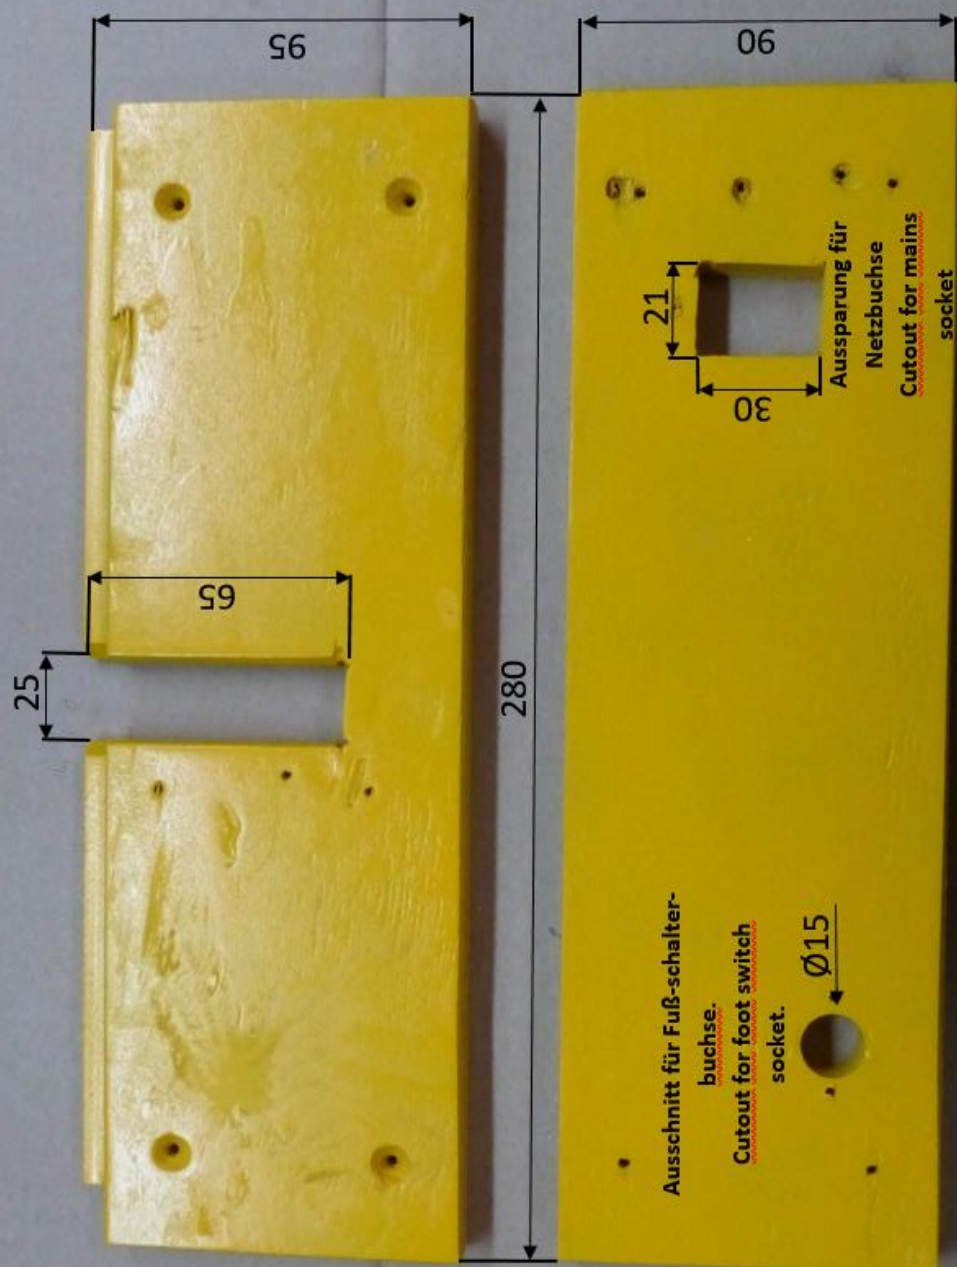

Dicke: 12mm
thickness: 12mm

Alle Maße in mm - All dimensions in mm

Dicke: 12mm
thickness: 12mm

Alle Maße in mm - All dimensions in mm

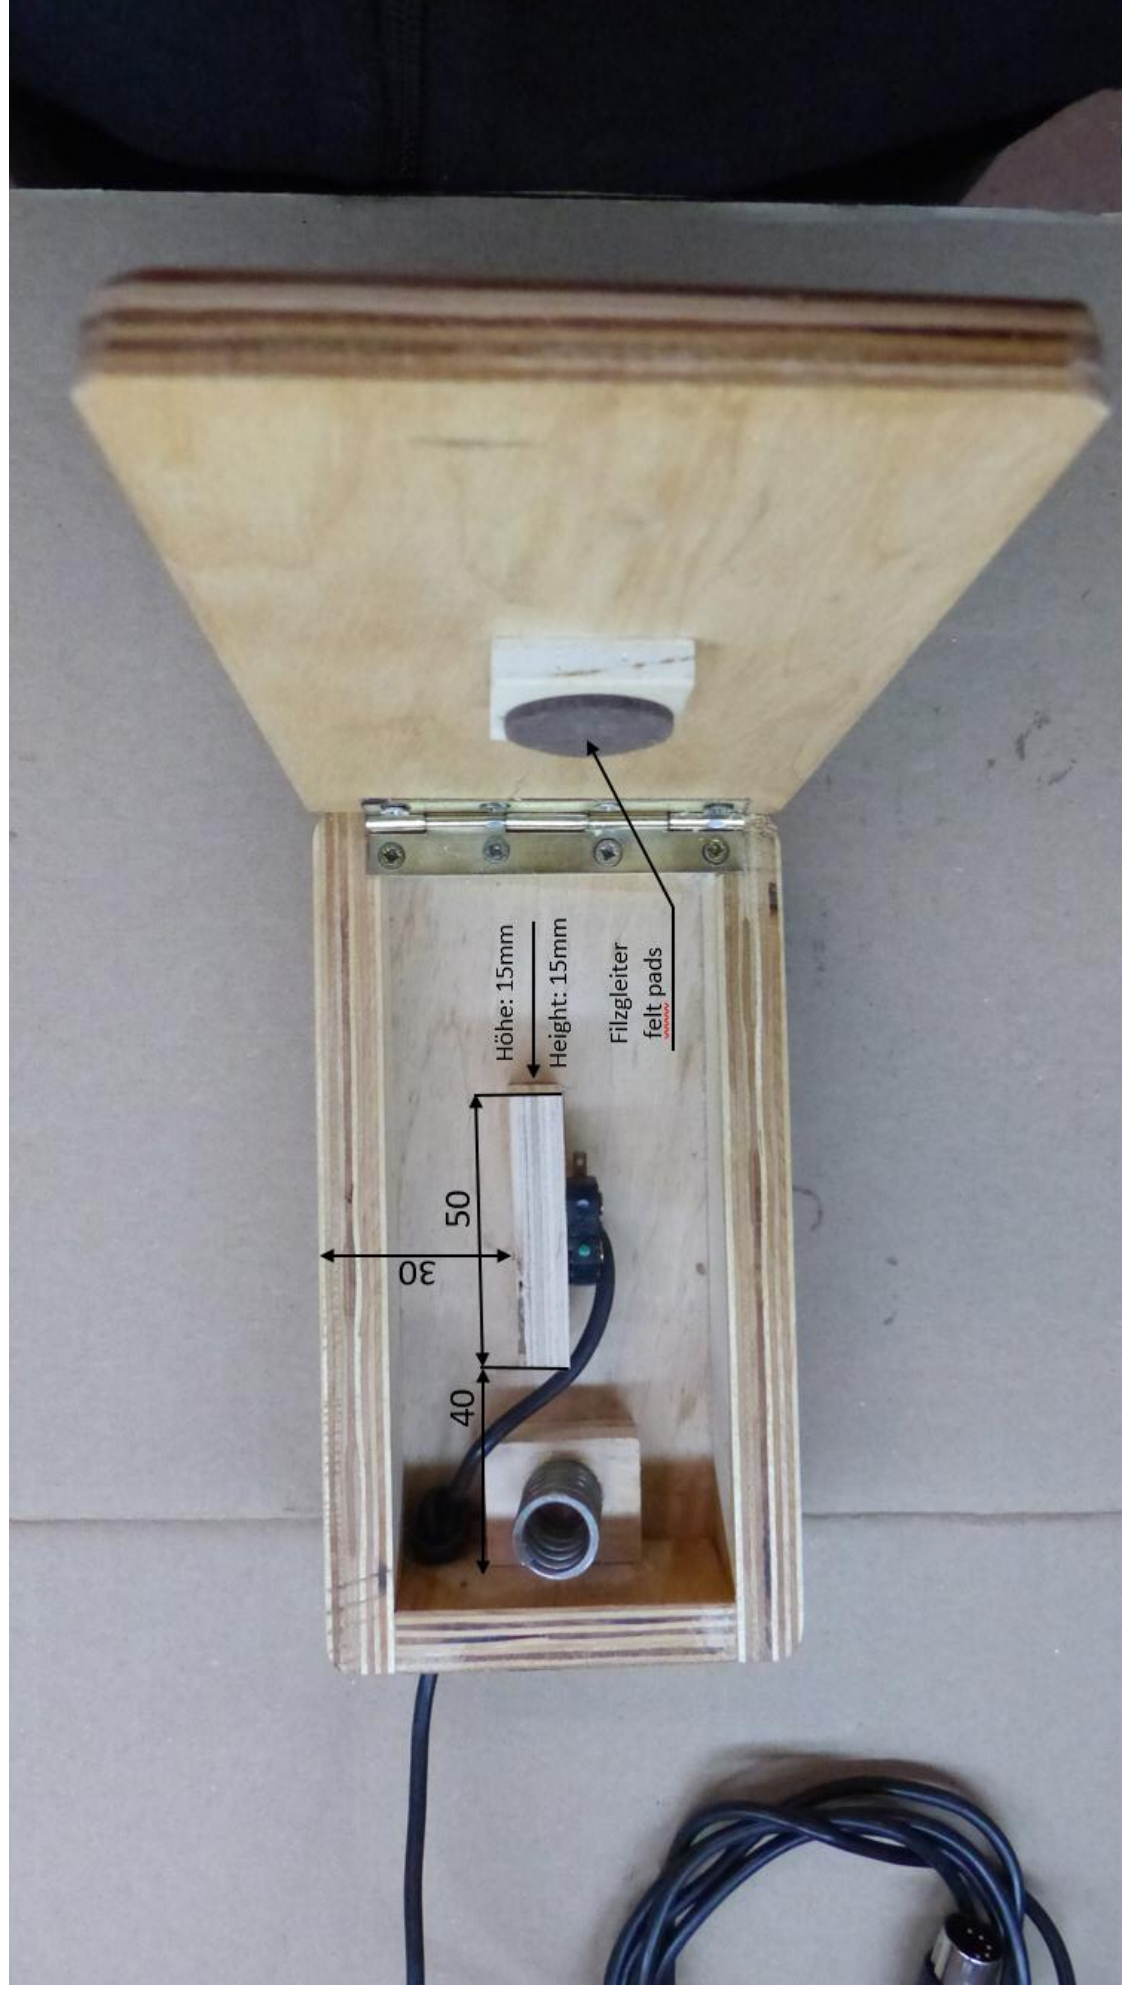

Dicke: 12mm
thickness: 12mm

Alle Maße in mm - All dimensions in mm

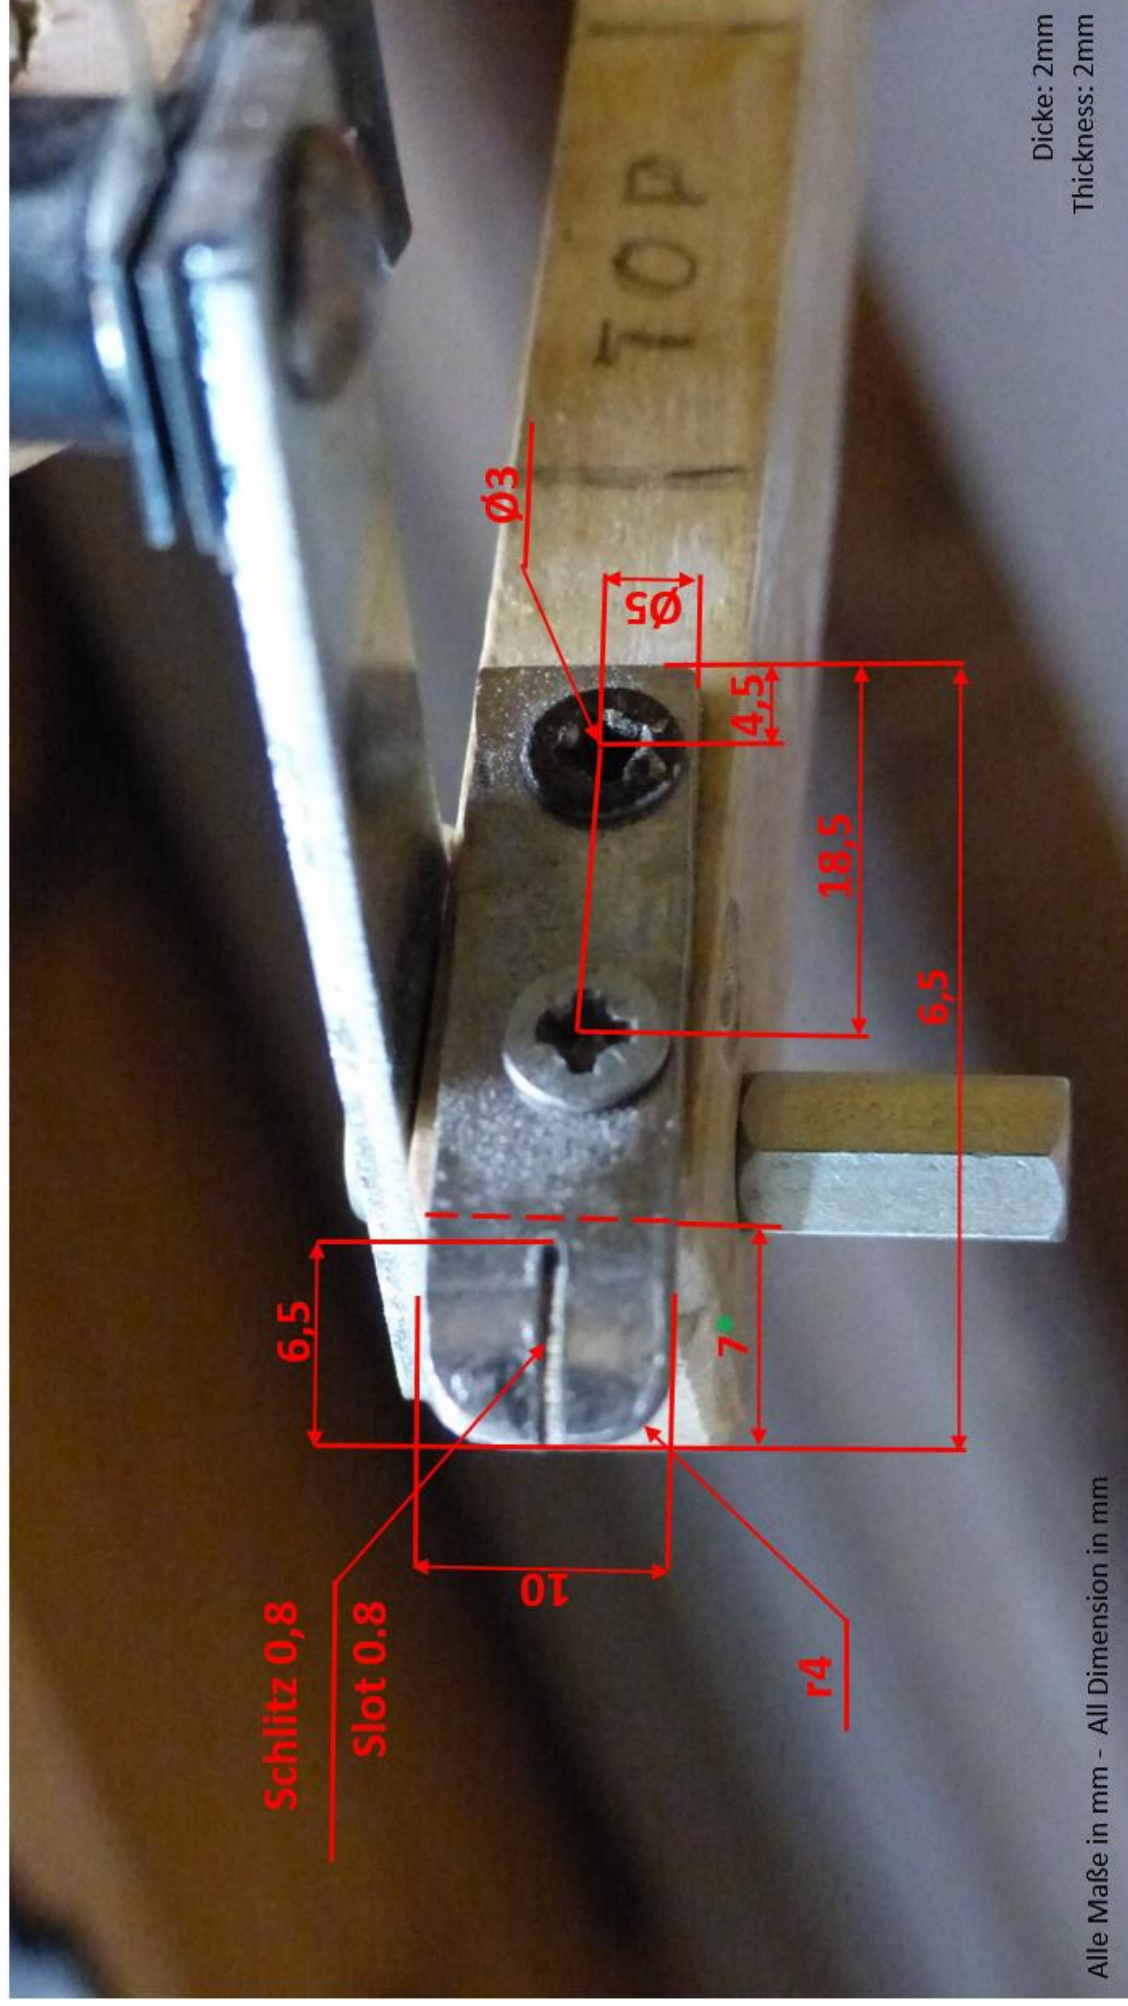

Alle Maße in mm - All dimensions in mm

Dicke: 12mm
thickness: 12mm

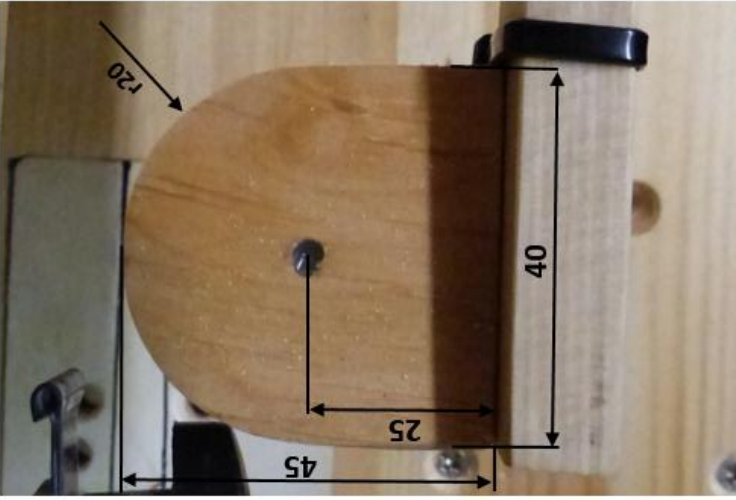

Dieses Teil ist zweimal vorhanden, für den oberen und den unteren Sägearm. - This part is available twice, for the upper and the lower saw arm.

*Bei 7mm ist hier ein Knick angebracht, der die gestifteten Sägeblätter daran hindert aus der Führung zu springen.

10 dick
Thickness: 10

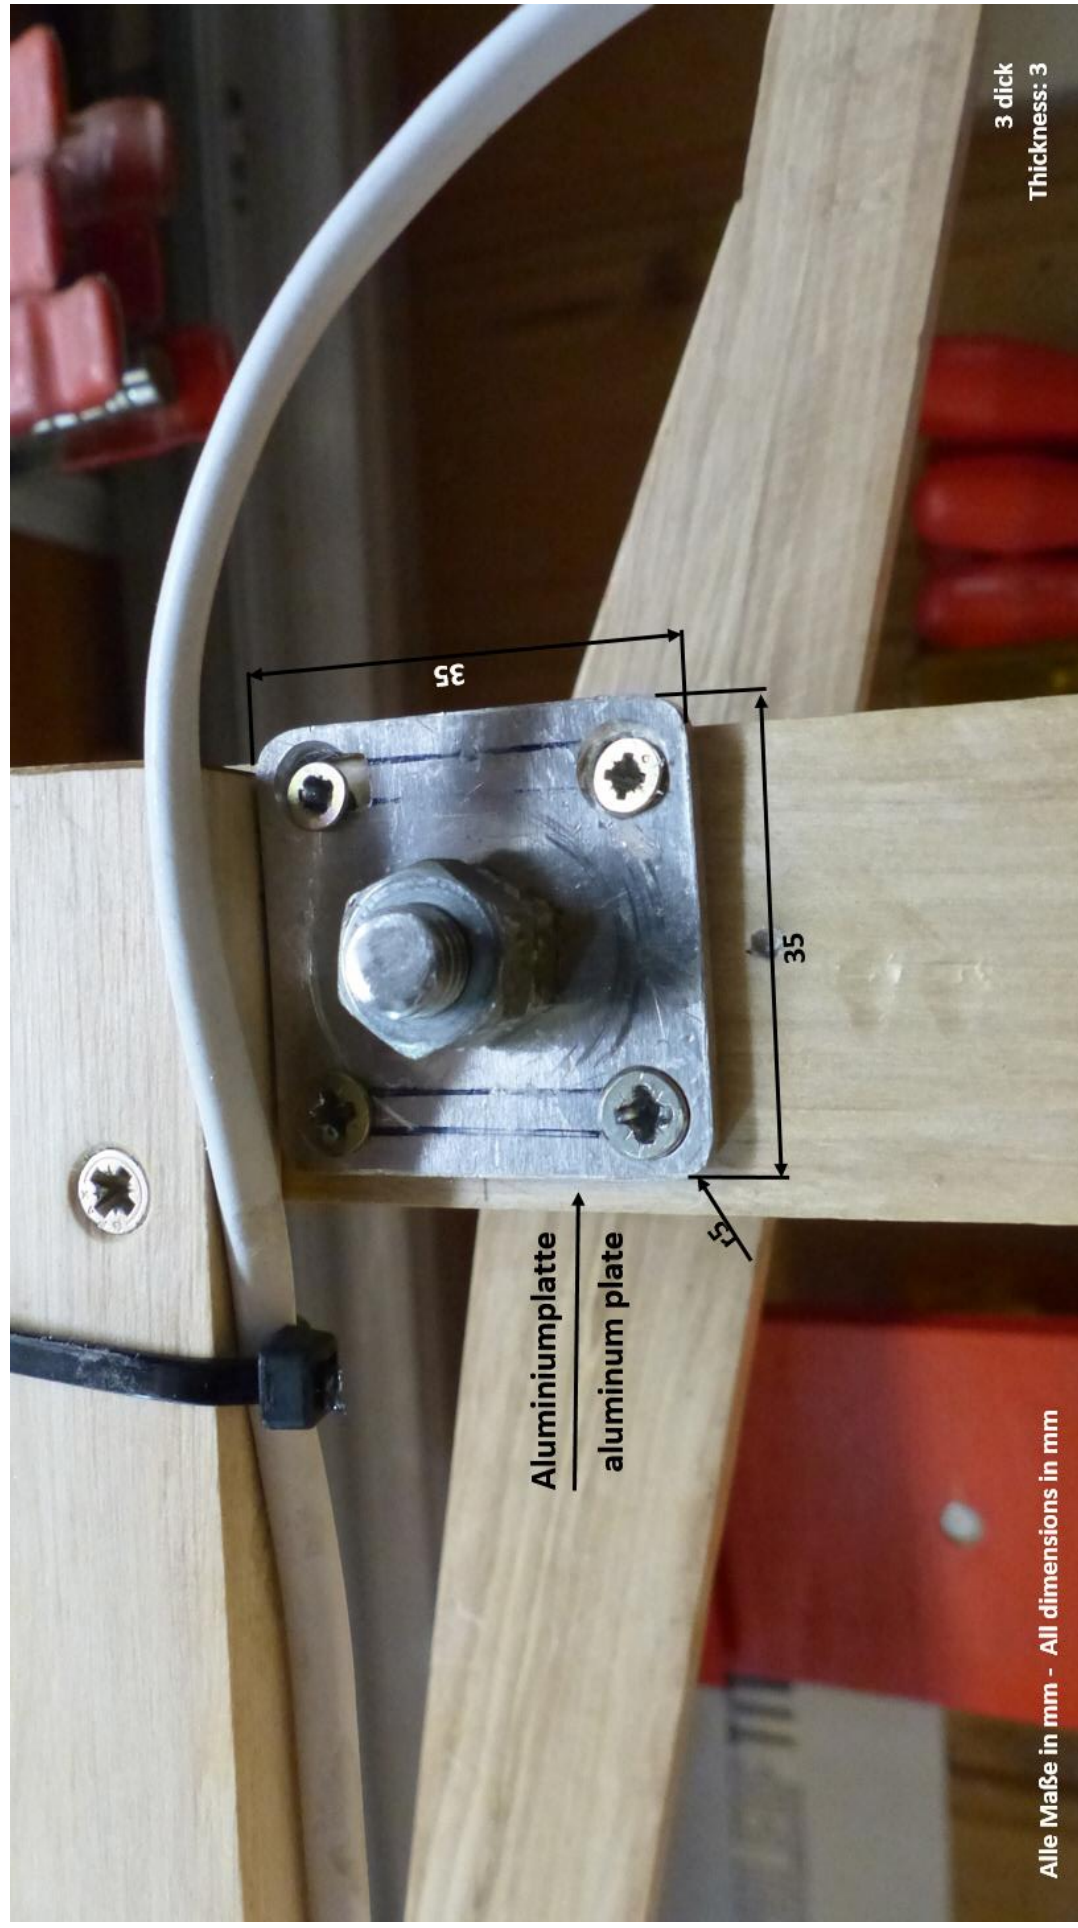

Alle Maße in mm - All dimensions in mm

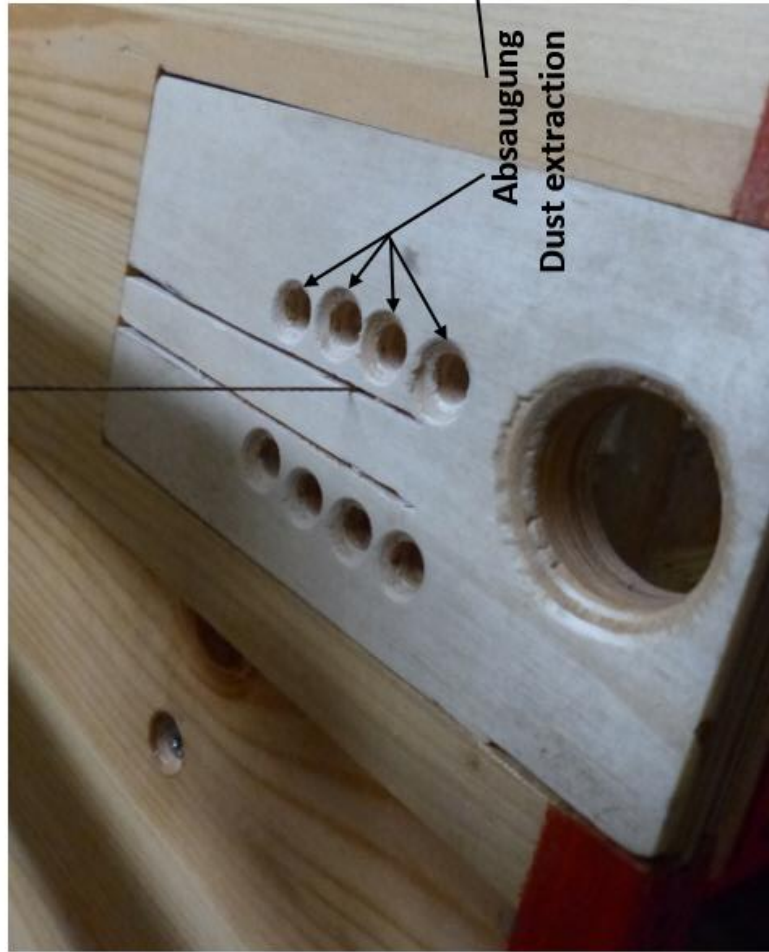

Alle Maße in mm - All dimensions in mm

12 dick
Thickness: 12

Dies ist zwar keine Bauanleitung, aber eine gute Basis für einen Nachbau der Dekupiersäge.

Falls Du diese Säge nachbaust, schicke doch ein paar Bilder via Instagram an

@bastelbaer_eu.

Danke und viel Spaß und Erfolg dabei! 😊

PS.: Es wird noch eine andere Version davon geben, bei der ich einen Nähmaschinenmotor einsetzen werde.

Although this is not a building manual, it is a good basis for a scroll saw replica.

If you are building this saw, send a few pictures via Instagram

@bastelbaer_eu.

Thank you and have fun and success!

PS.: There will be another version of it, where I will use a sewing machine motor.
